

# Shamrock Medicine Expands Family Medicine Services in Philadelphia and Chestnut Hill with Dr. Monalisa Ghose

*Board-certified family medicine physician Dr. Monalisa Ghose supports Shamrock Medicine's primary care access for adults in Philadelphia and Chestnut Hill.*

PHILADELPHIA, PA, UNITED STATES, May 6, 2026 /EINPresswire.com/ --

[Shamrock Medicine](#), an insurance-based boutique family medicine and psychiatric practice headquartered in

Philadelphia, Pennsylvania, is strengthening family medicine services for patients in Philadelphia and Chestnut Hill through the addition of [Dr. Monalisa Ghose, M.D.](#), a board-certified family medicine physician who provides comprehensive primary care to adults.

Dr. Ghose graduated from the Lewis Katz School of Medicine at Temple University in Philadelphia and earned an undergraduate degree from Carnegie Mellon University in Pittsburgh. Residency training in family medicine was completed at the Institute for Family Health and Mount Sinai Hospital in New York. At Shamrock Medicine, clinical focus includes preventive medicine, acute care, chronic disease management and support for adults with complex medical needs.

The practice states that Dr. Ghose emphasizes evidence-based medicine and individualized care plans designed around each patient's health goals, long-term well-being and independence. The addition is relevant for local patients and families seeking a practice that combines in-person care with virtual access and text-based communication for routine needs.

Shamrock Medicine provides services to patients through offices and clinics in:

- 407 South 10th Street, Suite 101, Philadelphia, PA 19147
- 812 N Bethlehem Pike, Suite 207A, Lower Gwynedd, PA 19002
- 911 Kings Highway S, Cherry Hill, NJ 08034

The main office is in Philadelphia. The company also has a smaller office in Lower Gwynedd and a third office in Cherry Hill, helping the practice serve patients across the three locations named in this release.

Services available through Shamrock Medicine include:

- Primary care and psychiatric care
- Well visits, physical exams, labs and prescription refills
- Mental health support for attention deficit disorder, anxiety and depression
- Specialty care, including testosterone treatment, hair loss treatment and STD management
- Virtual care and an online patient portal
- Text-based communication with nurses and providers for appointments, lab results and prescription refills

According to the practice's published information, Shamrock Medicine's model is built around lower patient volume, personalized care and convenient access to providers. The company also describes its approach as integrative, combining traditional medical care such as physicals and sick visits with access to mental health services.

"Dr. Ghose brings experience in preventive care, chronic disease management and individualized treatment planning that fits the practice's focus on comprehensive and convenient healthcare," said Dr. Peter Kelly, owner and spokesperson for Shamrock Medicine. "Her work in Philadelphia and Chestnut Hill supports the kind of long-term patient-provider relationships the practice aims to build."

Patient response remains an important measure of continuity in primary care. Wesley H., a patient, shared the following testimonial: "Establishing a new primary care doctor can be overwhelming but I'm so glad I made the switch. Very happy!"

Patients interested in scheduling an appointment or learning more about the services available at Shamrock Medicine can visit <https://shamrockmedicine.com/> or call +1 215.585.2342. Additional health and wellness information is available on the practice's blog at <https://shamrockmedicine.com/blog/>.

###
