

Friends of Two Rivers Welcomes Wilson Bank & Trust as New Banking and Heritage Partner

Friends of Two Rivers Welcomes Wilson Bank & Trust as New Banking and Heritage Partner to support the non-profit group's efforts at historical preservation.

NASHVILLE, TN, UNITED STATES, May 6, 2026 /EINPresswire.com/ -- The Friends of Two Rivers is proud to announce Wilson Bank & Trust as its new Banking Partner and as a Heritage Partner, a relationship that strengthens the organization's ongoing mission to preserve some of Middle Tennessee's most treasured historic properties.

"We would like to thank Wilson Bank & Trust for supporting The Friends of Two Rivers mission in restoring, preserving and protecting Two Rivers Mansion, the 1802 House and Stone Hall," says Friends of Two Rivers President Jeff Syracuse. "Their support ensures that we can continue those efforts along with proving their use as historic, cultural treasures that enrich, educate and connect the community."

"We are thrilled to partner with such a great organization like The Friends of Two Rivers," says Brendan Holloway, AVP-Office Manager of Wilson Bank & Trust's Heritage Office. "At Wilson Bank & Trust, community involvement

is at the heart of who we are, and this partnership reflects that. We look forward to supporting all the new and exciting things the organization has in store for the Donelson, Hermitage, and Greater Nashville community."

The partnership comes at a pivotal moment for the organization. In August 2025, Two Rivers Mansion reopened to the public following a \$4.5 million exterior restoration led by The Tradesmen Group, completed in partnership with Metro Parks after nearly two years of work. The project extensively repaired the exterior, roof, front porch, and overall structure of the 1859 Italianate home, returning one of Middle Tennessee's most architecturally significant houses to its original grandeur. An estimated 400 guests attended the ribbon-cutting ceremony to celebrate the milestone.

While the mansion was undergoing restoration, the Friends of Two Rivers worked to expand its mandate, evolving into a regional historic and cultural preservation organization. The group dropped "Mansion" from its name to reflect this broader scope and added Stone Hall, a 1918 property in nearby Hermitage, to its portfolio alongside Two Rivers Mansion and the 1802 House. Looking ahead, the organization has full design and construction documents in place for a planned "Two Rivers Cultural & Educational Center," a 250-person event center behind the mansion, designed as a carriage house to architecturally complement the historic site where expanded educational programming and events can occur.
