

# Jonathan Lapid Earns the 2026 ThreeBestRated® Award for His Commitment to Client-Focused Criminal Defence

MISSISSAUGA, ONTARIO, CANADA, May 7, 2026 /EINPresswire.com/ -- As per the recent update of [ThreeBestRated®](#), Jonathan Lapid continues to be at the top and has earned one more 'Award of Excellence', solidifying his dedication to clients and impact in the field of DUI and criminal defence law. With over 25 years of experience, Jonathan has built a reputation not just as a skilled lawyer but as a trusted advocate who puts people first.

"With the help of ThreeBestRated, I am able to help those who are of good character and have no criminal intentions but ran into one bad night of unintentional circumstances," said Jonathan.

## A Career Built on Trust and Values

Jonathan began his legal career more than two decades ago with a simple yet powerful belief: every client should feel they made the right decision in choosing their lawyer. This principle has guided his practice from day one and continues to shape every case he handles. Over the years, Jonathan has consistently prioritized client satisfaction, transparency, and strong legal representation. His approach goes beyond legal outcomes; he focuses on ensuring that every client feels heard, supported, and respected throughout the process.

Jonathan said, "I started my journey in law over 25 years ago, with a belief and value system that is as old as time. The concept that at the end of the day, a client will say to themselves, 'I made the right decision in choosing a lawyer.'"

## Choosing Purpose Over Prestige

Jonathan's commitment has not gone unnoticed. In a defining moment of his career, a judge once remarked: "I notice that you always take good care of your clients." Shortly after, Jonathan

was offered a position as a judge. It was an honor that speaks volumes about his professionalism and integrity. Within months, he also received offers from two separate prosecutors' offices, recognizing his deep understanding of legal principles and his ability to protect clients' rights while respecting the justice system. Yet, Jonathan declined these prestigious opportunities and chose to help individuals who are navigating difficult moments in their lives.

His work focuses on individuals who may have made a mistake but have no criminal intent. His human-centered approach is what sets his practice apart. For him, it is not just about winning cases, but about restoring lives and rebuilding confidence.

"Sometimes I am able to completely remove the charges; other times I am able to save them from a criminal record, but I am most pleased to say that at all times I am able to find ways to understand where they went wrong and place them on a successful path forward. This to me is far more gratifying!"
