CardioVascular/Emergency &
Mobile Medicine*

| Austin, taking place May 27-29, 2026, introduces a new format for emergency medical services education designed to improve how professionals learn and apply critical skills in the field. The new event, part of the EMS World portfolio, delivers 52 sessions and 10 preconference workshops across five focused tracks in concise 30-minute formats, enabling paramedics, EMTs, and EMS leaders to gain practical, immediately applicable knowledge while earning CAPCE-accredited EMS continuing education credits and nursing CE credits.

Emergency medical services professionals are expected to make rapid, high-stake decisions in dynamic environments. EMS World LIVE | Austin addresses this reality by delivering

education in shorter, focused sessions that prioritize retention and direct application, helping providers translate learning into improved clinical and operational performance.

What is EMS World LIVE | Austin?

EMS World LIVE | Austin is a three-day educational event developed by EMS World to deliver focused, high-yield EMS education in a format designed for real-world schedules. The program combines concise session design, clearly defined learning tracks, innovative industry supporters in the Exhibit Hall, and a centralized venue to create an efficient and practical learning experience for EMS providers, educators, and system leaders.

Key Benefits for EMS Professionals

- Faster learning with immediate application: 30-minute sessions are structured to improve retention and provide takeaways that can be applied on the next call

- Targeted education by role: Five agenda tracks—Fundamentals, Clinical Paramedicine, Leadership & Management, Education, and Health & Wellness—help attendees focus on content relevant to them.

- Efficient, single-venue experience: The Austin Marriott Downtown hotel setting reduces time spent navigating large conference environments

- Expanded value in one trip: Preconference workshops and optional All-Access Pass provide access to both EMS World LIVE | Austin and FAST26 content

Evidence and Program Depth

EMS World LIVE | Austin is supported by a comprehensive program designed to deliver both breadth and depth of learning:

- 52 main conference sessions and 10 preconference workshops

- Topics spanning trauma care, cardiology, pharmacology, ventilation, ECMO, POCUS, and pediatric care

- Real-world case-based learning, including ATCEMS' response to the Austin 6th Street shooting

- Nationally recognized EMS and emergency medicine faculty

- CAPCE-accredited EMS CE credits and nursing CE credits

- Preconference workshops provide extended learning opportunities for attendees seeking deeper training in leadership, clinical care, and specialized skill areas.

Expert Leadership

EMS World LIVE | Austin is produced by EMS World, a trusted leader in emergency medical services education, and is co-located with FAST26: Austin, FlightBridgeED's critical care and transport medicine conference.

EMS World LIVE | Austin is produced by EMS World, a trusted leader in emergency medical services education, and is co-located with FAST26: Austin, FlightBridgeED's critical care and transport medicine conference.

"EMS professionals don't have the luxury of stepping away for extended training that doesn't translate directly to the field," said Josh Hartman, SVP, CardioVascular/Emergency & Mobile Medicine, HMP Global. "EMS World LIVE | Austin was delivers focused education that respects their time, strengthens decision-making, and helps providers apply what they learn immediately in real patient care situations."

The program also features nationally recognized faculty and sessions addressing both clinical practice and real-world operational response, including analysis of complex emergency incidents.
