Wild Sun represents exactly the kind of work Choose Your Change was built to support”

As Wild Sun works toward securing its own independent 501(c)(3) status, Choose Your Change will help steward the project's next chapter by administering donations and maintaining U.S.-based nonprofit support for its wildlife rescue,

Over the past decade, Wild Sun Rescue has become a vital force for wildlife rehabilitation and sanctuary development, rescuing hundreds of animals while expanding veterinary capacity with two full-time veterinarians and new on-site medical infrastructure, including X-ray and blood laboratory capabilities.

“Wild Sun represents exactly the kind of work Choose Your Change was built to support,” said Jennifer Adams, Founder of Choose Your Change. “This partnership is rooted in care, responsibility, and long-term environmental stewardship. Green Wave helped nurture this relationship for many years, and CYC is honored to help support Wild Sun through this important transition.”

The transition allows Wild Sun's conservation and rescue efforts to continue moving forward with stable nonprofit support as the organization enters its next chapter.
