

Hollywood Climate Summit Unveils 2026 Programming, Returning to Los Angeles June 3-4

Seventh annual conference returns with programming across entertainment, culture & climate storytelling

LOS ANGELES, CA, UNITED STATES, May 14, 2026 /EINPresswire.com/ -- The [Hollywood Climate Summit](#) unveiled the programming for its 2026 summit, returning June 3 - 4 for two days of interactive conversations, networking experiences, workshops, plant-based eats, and cross-sector collaboration across climate and entertainment. Tickets are on sale now at [HollywoodClimateSummit.com](#).

Now in its seventh year, the Hollywood Climate Summit is the flagship annual conference from [Context Collaborative](#), a nonprofit that directs cultural attention to climate issues and leveling up how they resonate across the stories, platforms, and experiences people love. This year's summit will bring together entertainment and media professionals, storytellers, executives, artists, scientists, advocates, and cultural leaders for action-oriented programming designed to advance climate literacy and deepen engagement across the global media ecosystem.

Programming will take place across two iconic Los Angeles venues, starting on June 3 at the Academy of Motion Picture Arts and Sciences' Samuel Goldwyn Theater in Beverly Hills and continuing on June 4 at The Ebell of Los Angeles. For the full schedule and latest updates, visit [HollywoodClimateSummit.com](#).

Highlighted sessions and conversations for the 2026 conference include:
