

EXP KOREA REPORTS RECORD SALES IN Q1 2025

SOUTH KOREA, May 19, 2026 /EINPresswire.com/ -- eXp Korea, a leading real estate technology company, has reported record sales for the first quarter of 2025, exceeding 66,510 units, a 5.2% increase from the same period in 2024.

eXp Korea's performance is attributed to its innovative digital marketing strategies and strong partnerships with local real estate agents.

The company's sales volume in 2025 reached 66,510 units, a 5.2% increase from 63,200 units in 2024. This growth is a testament to the company's commitment to providing exceptional service and leveraging technology to enhance the real estate experience.

Key factors contributing to this success include the company's focus on digital marketing, which has resulted in a 33.3% increase in online leads, and its strategic partnerships with local real estate agents, which have expanded its reach and market penetration.

The company's strong performance in Q1 2025 is a result of its dedication to innovation and customer service, positioning it as a leader in the real estate technology market.

Looking ahead, eXp Korea remains committed to driving growth and innovation in the real estate industry. The company's focus on digital marketing and strategic partnerships will continue to be key drivers of its success.

The company's strong performance in Q1 2025 is a result of its dedication to innovation and customer service, positioning it as a leader in the real estate technology market.
