

Desert Kids Dental Launches Affordable Kids Dental Membership Plan for Families without Insurance in Las Vegas

LAS VEGAS, NV, UNITED STATES, May 20, 2026 /EINPresswire.com/ -- [Desert Kids Dental](#) is helping families make children's dental care more affordable and easier to manage with its Kids Dental Membership Plan, designed for parents who do not have dental insurance. The plan gives families access to preventive pediatric dental care, immediate savings, and simple monthly or annual pricing for children from infancy through the teen years.

For many parents, finding a trusted Kid's Dentist without the stress of insurance deductibles, waiting periods, claim denials, or confusing pre-approvals can be difficult. Desert Kids Dental's membership plan was created to make routine dental visits more accessible for families across Las Vegas, including Summerlin, Centennial Hills, Skye Canyon, and Providence.

The membership plan includes important preventive services such as dental cleanings, exams, fluoride treatments, routine X-rays, and an emergency exam benefit. Members also receive savings on additional procedures, including restorative treatments such as fillings when needed. Benefits begin immediately, allowing parents to schedule care without waiting for insurance approvals or coverage delays.

"Our membership plan gives parents a clear, affordable way to keep up with their child's oral health while receiving care from a team focused entirely on children," the spokesperson added.

The plan is divided into age-based options to better serve children at different stages of growth.

The Prickly Pear Cactus Plan is available for children ages 0 to 2 and starts at \$30 per month or \$360 per year. The Golden Barrel Cactus Plan is designed for children ages 3 to 12 and starts at \$35 per month or \$420 per year. The Blue Candle Cactus Plan is available for teens ages 13 to 18 and starts at \$40 per month or \$480 per year.

Each membership is valid for 12 months and includes two cleanings, two exams, two fluoride treatments, routine X-rays, one emergency exam and X-ray, and discounts on other eligible procedures. Families with more than one child may also benefit from a family subscription discount.

As a trusted [Pediatric Dentist in Las Vegas](#), Desert Kids Dental focuses on creating positive dental experiences for children of all ages.
