

Business Awards UK Announces the Winners and Finalists of the 2026 Plant-Based Products Awards

DONCASTER, UNITED KINGDOM, June 22, 2026 /EINPresswire.com/ -- Business Awards UK is proud to announce the winners and finalists of the [2026 Plant-Based Products Awards](#), recognising businesses that are redefining plant-based innovation through thoughtful product development, sustainability, and practical consumer impact. These awards celebrate organisations creating meaningful alternatives across food, wellbeing, personal care, and lifestyle products, demonstrating that plant-based innovation can extend far beyond trends to deliver real value, functionality, and environmental consideration.

The 2026 Plant-Based Products Awards highlight businesses that are approaching product development with integrity, transparency, and a clear commitment to improving everyday choices through plant-led thinking, whether through ingredient innovation, sustainable materials, or functional health benefits.

Business Awards UK 2026 Plant-Based Products Awards Winners

- SKY BARN – Best Plant-Based Dairy Alternative
- Lets Rethink This Limited – Best Plant-Based Packaging
- Everleaf Herbal Ltd – Rising Star Award
- Proflax Natural – Best Plant-Based Supplement

Business Awards UK 2026 Plant-Based Products Awards Finalists

- SKY BARN – Rising Star Award
- Rude Health – Best Plant-Based Dairy Alternative
- Ensure – Best Plant-Based Supplement

Advancing Plant-Based Innovation Through Practical Solutions

The achievements recognised in the 2026 Plant-Based Products Awards reflect a growing focus on plant-based innovation that balances sustainability with usability and consumer expectations. Across this year's winners, there is a strong emphasis on solving practical challenges, from improving the functionality and nutritional value of alternative products to reducing unnecessary packaging waste and creating cleaner formulations that support everyday wellbeing. Many of the recognised businesses have demonstrated that plant-based development is increasingly being approached as a complete system rather than a single ingredient choice. This includes the use of biodegradable materials, circular product design, naturally derived functional ingredients, and production methods that prioritise transparency and simplicity without compromising performance or convenience.

The awards also highlight the growing diversity within the plant-based sector itself. Beyond food and beverages, this year's recognised businesses are contributing to innovation in personal care, wellness, and animal health, showing how plant-based principles can support broader lifestyle and sustainability goals. Business Awards UK congratulates all winners and finalists for their contribution to a sector that continues to evolve through careful research, responsible development, and meaningful innovation.
