

# Dallas ELD Provider E-Logs Plus Expands Nationwide as Fleet Compliance Texas Requirements Rise

DALLAS, TX, UNITED STATES, May 26, 2026 /EINPresswire.com/ -- NLMJ Technologies LLC, doing business as E-Log Plus, today announced expanded deployment of its [Dallas ELD solutions](#) across the Dallas–Fort Worth Metroplex and nationwide, as fleet operators face increasing insurance-driven demands for verified FMCSA ELD compliance and real-time operational visibility.

Fleet operators searching for Dallas ELD solutions are increasingly required to demonstrate fleet compliance Texas standards through accurate Hours of Service (HOS) reporting and connected telematics systems. This shift is being driven by insurance carriers requiring real-time data access to maintain active commercial policies.

## Dallas ELD Leadership Driving Nationwide ELD Compliance USA Expansion

Headquartered in Dallas, Texas, E-Log Plus has built its platform to meet the demands of ELD compliance Dallas fleets while scaling to support ELD compliance USA requirements for fleets operating across state lines.

“Fleets in Dallas–Fort Worth are setting the pace for compliance nationwide,” said Randy Safford. “What we’re seeing is a clear transition—insurance providers now expect full fleet compliance Texas visibility, and that expectation is expanding across the United States.”

Powered by ELD Mandate for FMCSA ELD Compliance

E-Logs Plus delivers a [FMCSA-compliant ELD platform](#) through its partnership with ELD Mandate, ensuring fleets meet regulatory and insurance-driven requirements.

Core capabilities include:

- FMCSA ELD compliance with secure, tamper-resistant driver logs
- Real-time driver monitoring supporting HOS compliance Texas
- Driver Vehicle Inspection Reports (DVIR) with photo capture
- IFTA reporting for accurate fuel tax tracking
- Automated alerts improving fleet management Texas operations
- Inspection Mode for roadside and audit readiness

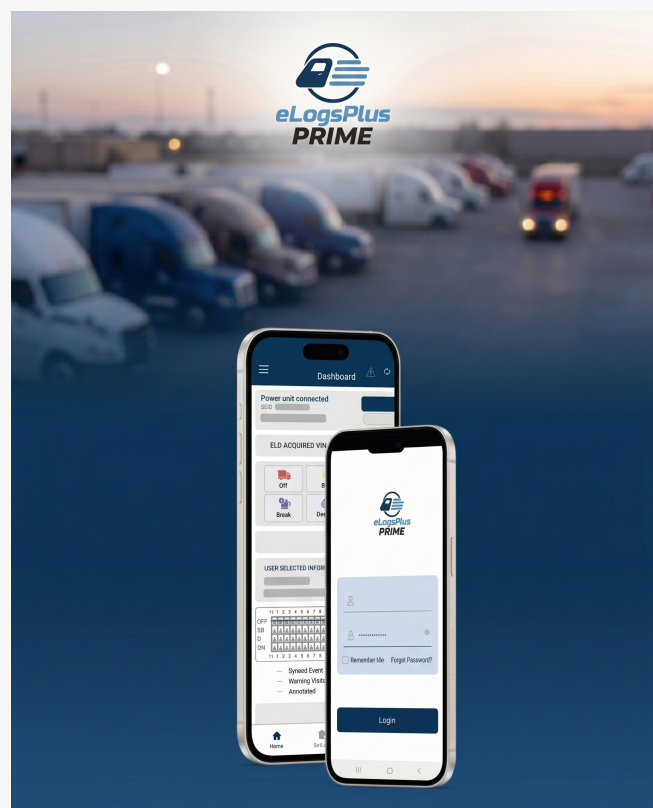

These features position E-Logs Plus as a complete ELD solutions Texas platform for fleets requiring reliable compliance infrastructure.

### Insurance Integration Through TruckerCloud Connectivity

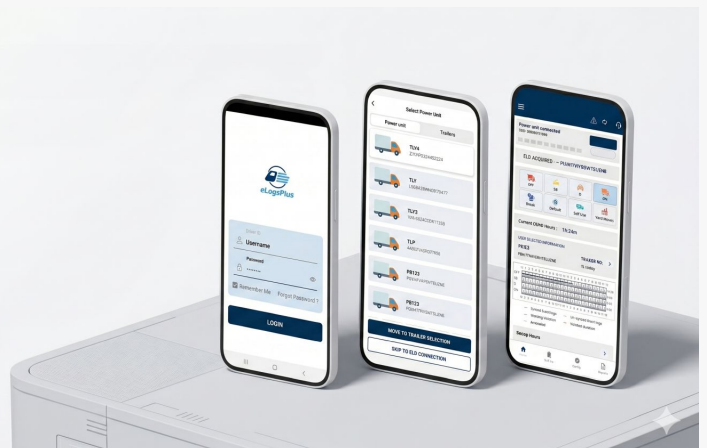

To support insurance requirements, E-Logs Plus is advancing connectivity with TruckerCloud, enabling fleets to share compliance data directly with insurers and brokers.

This integration supports:

- Faster underwriting using verified telematics data
- Improved transparency for fleet compliance nationwide
- Streamlined policy renewals and risk evaluation
- Alignment with insurance-mandated telematics systems

Electronic logbooks, such as eLogs Plus, have become essential tools for truck drivers to streamline their operations, enhance efficiency, and reduce costs while ensuring compliance with regulations.

Our ELD, priced at just \$19.99 a month

Fleets seeking Electronic Logging Device Dallas solutions are increasingly being required to connect to platforms like TruckerCloud to maintain coverage.

### Flexible ELD Solutions Texas for Immediate Deployment

E-Logs Plus offers flexible deployment options designed for fleets facing urgent compliance requirements:

- Month-to-month service with no long-term contracts
- 30-day cancellation notice
- Free ELD hardware with qualifying upfront plans
- Refund available upon return of equipment

Fleets needing ELD for trucking companies can deploy quickly without operational delays.

### Supporting Fleet Compliance Texas and Nationwide Growth

As fleet compliance Texas requirements expand and insurance carriers demand real-time data, E-Logs Plus continues to support fleets in Dallas, across Texas, and throughout the United States.

Fleet operators ready to implement [ELD compliance Texas for fleets](#) are adopting systems that deliver both regulatory compliance and insurance-ready data visibility.

### Service Areas – Dallas–Fort Worth and North Texas

E-Logs Plus provides Dallas ELD and fleet compliance Texas solutions throughout Dallas, Fort Worth, Arlington, Plano, Irving, Garland, Grand Prairie, Mesquite, Carrollton, Frisco, McKinney, Denton, Lewisville, Richardson, Allen, Flower Mound, North Richland Hills, Mansfield, Euless, Bedford, Grapevine, Keller, Coppell, Rockwall, Rowlett, The Colony, Haltom City, Burleson, DeSoto, Cedar Hill, Duncanville, Farmers Branch, University Park, Highland Park, and surrounding areas.

Also serving fleets across Texas and nationwide with ELD compliance USA solutions.

### About E-Logs Plus

E-Log Plus, operated by NLMJ Technologies LLC in Dallas, Texas, provides FMCSA-compliant Electronic Logging Device (ELD) and Hours of Service (HOS) solutions for fleets across the United States. Through its partnership with ELD Mandate and integration initiatives with TruckerCloud, the platform delivers reliable, insurance-ready fleet compliance technology.
