

Playtiles Stick-On Gaming Handheld Expands Globally with Season 2

With Season 2 shipping worldwide, Playtiles offers a complete ecosystem - physical controls, app and indie games - turning any phone into a handheld console.

FRANCE, May 21, 2026
/EINPresswire.com/ -- What Are Playtiles?

Playtiles (<https://get.playtil.es/>) are pocket-sized, fully mechanical controllers that attach directly to a smartphone screen (iOS & Android) using a gecko-inspired adhesion system. They require no adhesive, leave no residue, and are reusable. Input is transmitted mechanically, delivering a responsive, console-like experience.

Attach Playtiles to your phone screen and instantly play curated indie games with tactile, mechanical buttons.

Paired with the PlaytilesOS app, Playtiles unlock a curated ecosystem of officially licensed indie games, including modern Game Boy / Game Boy Color-inspired titles.

“

Our mission is to put homebrew games into every pocket & build an affordable ecosystem that moves away from the noise of AAA gaming. Refocusing on what matters: creativity, simplicity, meaningful play”

David & Wesley

Key Features

- No batteries, cables, or electronic components (minimal e-waste)
- Gecko-inspired reusable adhesion system. No glue, no residue
- Tactile, clicky conductive buttons for authentic gameplay feedback
- Compact and ergonomic, fits in a pocket or wallet
- Game collection delivered weekly, including exclusives

and multiple genres

- Privacy-focused, no personal data collection
- No ads or microtransactions

New Season 2 Bundle

The newly introduced Season 2 Bundle (€35) includes an upgraded controller and an expanded game collection. Available now, shipping worldwide: <https://get.playtil.es/>.

Package Includes:

- Playtiles Physical Controller (for iOS & Android): Redesigned D-pad, refined mechanical layout, updated visual identity.
- PlaytilesOS Mobile App: game library, achievements, manuals, TV casting, multiplayer, import/export tools and more
- Season 2 Game Bundle (24 Titles): Officially licensed indie games (modern GB/GBC games), including 7 exclusive games, Multiple genres (action, adventure, horror, platformer, puzzle & more). Total content value exceeding €60

Fair & Sustainable Ecosystem

Playtiles introduces a new approach to indie game distribution:

- Eco-friendly by design: no batteries, no electronics, reduced e-waste
- Fair compensation model: 60% of Season revenue split among all games, and 40% distributed via player votes ("vote with your wallet").

"Players support the games they love, and developers get paid fairly without exploitative contracts."

Multiple Playtiles, multiple styles, a colorful ecosystem of physical controls for your smartphone.

Compact and lightweight, Playtiles are easy to take with you everywhere.

Limited editions

Playtiles also offers small-batch collector editions combining physical controllers and digital games. Some releases are limited to as few as 100 units per title, including special editions such as Tattoo Dungeon: <https://limited.playtil.es/>

Track record

- 1,500+ units sold in 40+ countries
- 50+ licensed games
- 40+ indie developers and studios
- Retail presence in Japan, Luxembourg, Netherlands, France, and expanding
- Made in EU, patent pending, registered industrial designs & trademarks
- Protected by international design and trademark registrations
