“

In just a few years our team has built a school in Jakarta that wouldn't look out of place among the independent schools of Kent, and this ranking is the first independent proof of it.”

Eileen Fisher

A leading British education in Southeast Asia

ISJ delivers the English National Curriculum from Pre-Nursery through to A-Levels, taught by 100% UK-qualified teachers recruited from leading British independent schools. The school operates a staff-to-pupil ratio of 1:9 and serves families representing more than 30 nationalities from its campus in Pondok Indah, South Jakarta.

ISJ is part of The Schools Trust, a UK charity whose

leadership team has built and led British international schools whose pupils have ranked first and second globally for A-Level and GCSE results across a network of more than 220 British

international schools. The Trust's UK estate at Woolverstone Hall, an 87-acre property in Suffolk, England, hosts ISJ pupils each year for a residential immersion in British boarding school life.

"Being ranked the #1 British school in Jakarta and #22 in Asia is independent confirmation of what we set out to build," said Eileen Fisher, Head of ISJ. "Our pupils are taught by UK-qualified teachers, on the English National Curriculum, to the standards of a UK independent school. This ranking reflects the work of our staff and the families who chose us."

A full British pathway from age 2 to 18

ISJ provides a full British education pathway from age 2 through to A-Levels. The school's age range grows each academic year, with pupils progressing through Pre-Prep, Prep, and Senior School entirely within ISJ. Pupils joining Year 7 today will progress through GCSEs and A-Levels at the school.

A purpose-built Senior Campus opens in 2028 in Pondok Indah, located 300 metres from the existing junior campus. The new campus will feature science laboratories, art studios, a theatre, and a full-size football pitch, providing dedicated facilities for GCSE and A-Level study.

The current ISJ campus in Pondok Indah includes a 25-metre swimming pool, a full-size football pitch, a theatre, dedicated creative arts spaces, and a science laboratory. Annual tuition starts from USD 9,135.

"ISJ is delivering a genuine British education to families in Jakarta," said Darren Brown, Founder of The Schools Trust. "Being independently ranked #1 in Jakarta confirms what families at ISJ already know — this is a school built to the highest international standards."
