Delivered in partnership with the [Canadian-Argentine Chamber of Commerce](#) (CanCham), with almost 50 years of experience connecting Argentina and Canada, the mission is designed to connect export-ready participants with opportunities in Argentina across key sectors including IT and digital solutions, agri-food, oil and gas, mining, advanced manufacturing, clean technologies, and life sciences.

The mission will include curated B2B, B2G, or B2C networking opportunities, along with participation in [Tecno Fidta 2026](#), one of Latin America's leading food technology exhibitions. Interested organizations are encouraged to submit an Expression of Interest using the link below to the form provided by Collaboration Works International.
