

One Water Systems Highlights ELITE 15 Upgrade Initiative for Homeowners Seeking Modern Water Filtration Solutions

SAN DIEGO, CA, UNITED STATES, June 1, 2026 /EINPresswire.com/ -- [One Water Systems](https://www.onewater.com/), a California based provider of residential water treatment solutions, is highlighting its ELITE 15 whole house water filtration system as part of an ongoing homeowner upgrade initiative focused on modern filtration technology and reduced maintenance solutions.

As homeowners continue to evaluate long-term water quality and hard water treatment options, interest has grown in whole house water filtration systems designed to support cleaner water throughout the home while reducing the maintenance requirements commonly associated with traditional filtration systems.

“

We help homeowners replace qualifying older water systems when upgrading to the ELITE 15 whole house water filtration system designed for improved water quality and reduced maintenance.”

*Kevin Worsfold , Founder of
One Water Systems*

Many older residential water systems require regular filter replacements, salt refills, and ongoing servicing. Homeowners are increasingly exploring newer alternatives that combine whole house water filtration with simplified maintenance and long-term performance.

The ELITE 15 whole house water filtration system offered by One Water Systems includes [salt free water softener](#)

technology and [cartridge free water filtration](#) designed to help reduce maintenance requirements while supporting residential water quality improvement throughout the home.

As part of the homeowner upgrade initiative, One Water Systems is offering to purchase qualifying older water systems when homeowners upgrade to the ELITE 15 water filtration system. Terms and conditions apply.

One Water Systems also provides residential water testing services to help homeowners better understand local water conditions and identify treatment options appropriate for their household water needs.

Based in Carlsbad, California, One Water Systems continues to provide residential water filtration and hard water treatment solutions throughout Southern California.

About One Water Systems

Founded in 2003 by Kevin Worsfold, One Water Systems is a Southern California-based company specializing in whole house water filtration and conditioning systems. With a focus on eco-friendly, maintenance-free technology, the company has earned a reputation for excellence through personalized consultations, professional installations, and outstanding customer care.

Today, One Water Systems proudly serves thousands of households across San Diego, Orange, Riverside, and Los Angeles counties, helping families enjoy safer, cleaner water while protecting the environment.
