

Sanderson Firm PLLC Successfully Completes SOC 2 Type II Examination, Accelerating Technology Growth and Innovation

BRADENTON, FL, UNITED STATES, June 3, 2026 /EINPresswire.com/ -- Sanderson Firm PLLC, a leading Medicare Secondary Payer (MSP) compliance services provider firm servicing the insurance and property casualty industry nationwide, is proud to announce the successful completion of its System and Organization Controls (SOC) 2 Type II audit.

Developed by the American Institute of Certified Public Accountants (AICPA), SOC is a suite of services that evaluates an organization's internal controls. A SOC 2 report focuses on controls relevant to security, availability, processing integrity, confidentiality, and privacy. The SOC 2 examination evaluates how effectively an organization's controls operate over a defined period.

By completing this examination and as demand for its innovative MSP compliance services continues to grow, Sanderson Firm demonstrates that its systems and processes are designed and operated to support a secure and reliable service environment for its current and prospective clients. Sanderson Firm's SOC reports were issued by Cherry Bekaert, one of the nation's largest and top-rated accounting firms.

Heather Sanderson, Founder and CEO stated, "Achieving our SOC 2 Type II report is a milestone we are incredibly proud of; it communicates Sanderson Firm's information security controls conform to the top industry standards to ensure optimal service for our clients."
