WASHINGTON, DC, UNITED STATES, June 2, 2026

/EINPresswire.com/ -- [Hope for Cuba](#) Foundation Advisory Council is pleased to welcome [Docra](#) LLC Principal Tolga Tanis to its ranks.

Docra was established in 2017 by Tolga Tanis to provide advisory services to companies exploring investment opportunities in frontier markets, including rapidly growing countries with less-developed capital markets. Docra's goals include fostering conservative business

environments that mitigate risk and promote growth.

Over the past year, and especially since January 2026, Mr. Tanis has closely followed Venezuela's changing investment landscape as the country enters a new economic and regulatory phase. He has engaged with Venezuela's emerging business paradigm, shaped in part by shifting sanctions policies and renewed investor interest, while gaining firsthand insight into the country's evolving social and economic environment.

“We are thrilled to announce this partnership that will augment our ongoing efforts in Cuba with Docra's successes in these other frontier markets,” said HFC Founder and President, Jorge Ignacio Fernandez. “Working with Docra, we expect a highly synergistic partnership that will yield important humanitarian benefits and market reforms in Cuba.
