Gift of Life hosts major fundraising events in New York, Los Angeles, Miami, and communities across the country, bringing together supporters committed to helping patients battling blood cancers and other life-threatening diseases find their lifesaving donor match.

Known for his expressive freestyle artwork and unmistakable visual language, Garcia created exclusive artwork specifically for this collaboration, capturing themes of hope, human connection, and the extraordinary impact one person can have on another's life.

Hand-poured in South Florida, 305 Miami Candles creates luxury fragrances inspired by the energy, warmth, and rhythm of Miami. Together, the artwork and candle create a sensory experience designed to honor Gift of Life's lifesaving work and the thousands of donor-recipient matches made possible through the organization.

"This collaboration is about more than art and fragrance," said Robin Jacobs and Gracy Weberman, co-founders of 305 Miami Candles. "It is a celebration of hope, connection, and the extraordinary impact that can happen when creativity and community come together in support of a greater purpose. Gift of Life is dedicated to finding the match that can save a life. We are honored to support an organization whose mission brings light, hope, and healing to so many families."

Guests attending the Gala will receive the commemorative collaboration as both a tribute to the evening and a lasting reminder of Gift of Life's mission.

The collaboration reflects a shared belief that art has the power to inspire, candles have the power to evoke meaningful memories, and every match has the power to create something extraordinary. Whether it is the striking of a match that lights a candle or the discovery of a donor match that offers a second chance at life, both begin with a spark of hope.

Miami artist Vic Garcia created the exclusive artwork featured in the limited-edition Gift of Life collaboration.
