

Fast Food Entrepreneur v1.0 released on multiple devices

DALLAS, TX, UNITED STATES, June 10, 2026 /EINPresswire.com/ -- [Magnin & Associates](#) today introduces their new game, [Fast Food Entrepreneur](#), available on iPhone, Android, Kindle Fire, Apple TV, Mac, Windows, PC and Xbox.

Ready to take on the challenge of becoming a multi-restaurant entrepreneur?

Take control of 4 different restaurants and earn enough money to complete the goals. Each restaurant has its own food menu, prices, and difficulty. Serve customers as they walk on over, but make sure to give them everything they ask for. These picky customers will reward the server with tips upon a perfect order, but won't be happy if something is missing!

Start from a worker position at each restaurant. Once enough money has been earned, the restaurant can be purchased to become its owner. From there, upgrades can be made to the restaurant and even hire additional workers to work in the owner's absence!

This game features:

- 4 different restaurants to choose from.
- 3 Goals to complete.
- Food making system for each restaurant.
- Random customers and food orders.
- Entrepreneurial growth system starting from worker to owner.
