

Access Fixtures Launches New ARCO 40-watt Heavy-Duty Vandal Resistant LED Bollard Light

New IK08-rated cast aluminum LED bollard light delivers durable, glare-controlled illumination for parks, plazas, campuses, and commercial properties.

WORCESTER, MA, UNITED STATES, June 8, 2026 /EINPresswire.com/ -- Access Fixtures, a leader in high-performance commercial, industrial, and sports LED lighting, announces the launch of ARCO 40-watt Square Heavy Duty Vandal Resistant LED [Bollard Light](#). Built for demanding outdoor environments, ARCO features a sleek architectural profile with IK08-rated cast aluminum construction, precision louvered optics, and IP65 weather protection, delivering reliable, low-maintenance illumination for high-traffic spaces and multiple applications.

ARCO addresses a common challenge for municipalities, property managers, and landscape architects: finding a bollard that withstands real-world abuse while enhancing the visual character of the spaces it lights. At 40 watts and 740 luminaire lumens, the ARCO 40-watt LED bollard light provides broad, even illumination along pedestrian pathways, plazas, and gathering areas, with a Type V louvered lens that directs light downward and minimizes glare and light spill.

"Outdoor spaces deserve lighting that holds up to real-world conditions while still looking sharp," said Steven Rothschild, CEO of Access Fixtures. "ARCO gives specifiers exactly that: a bollard light that is built tough, performs consistently, and enhances the environment it lights."

[VANDAL RESISTANT CONSTRUCTION](#)

ARCO 40w Square Heavy Duty Vandal Resistant LED Bollard Light

Built from heavy-duty cast aluminum with a UV-stabilized powder-coated bronze finish, the ARCO 40 carries an IK08 impact resistance rating and an IP65 ingress protection rating. Its solid construction is engineered to resist impacts, tampering, and corrosion in the most demanding outdoor environments, reducing maintenance and replacement costs over time.

ARCHITECTURAL DESIGN

With a sleek 8" square profile and a 43.5" height, the ARCO bollard light integrates seamlessly into modern landscape and architectural settings. More than a functional fixture, it serves as a design element that enhances the aesthetic of any outdoor space from corporate campuses and urban plazas to parks and transit corridors.

LOUVERED OPTICS FOR PRECISION LIGHT CONTROL

Outdoor spaces need lighting that holds up to real-world conditions while looking sharp. ARCO gives specifiers exactly that: a tough, consistent LED bollard light that enhances its environment."

Steven Rothschild, CEO

A precision-engineered louvered lens enhances visual comfort and lighting performance by directing illumination downward where it is needed most. Type V optics distribute light broadly across pedestrian areas while minimizing harsh brightness and unnecessary light spill.

RELIABLE PERFORMANCE AND EASY SPECIFICATION

The ARCO 40w LED bollard light operates on a wide voltage range of 120–277V, simplifying integration across varied electrical infrastructure. With 4kV surge protection, a 50,000-hour rated life (L70), and an operating temperature

range of -40°C to +40°C, the ARCO 40 is engineered for long-term, low-maintenance performance. It is UL and cUL listed and is available in a 5000K standard, with 3000K and 4000K available through a lighting specialist.

TECHNICAL SPECIFICATIONS

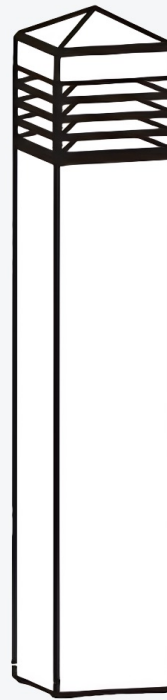

- System Watts: 40W
- Luminaire Lumens (5000K): 740 lm
- Color Temperature: 5000K (3000K / 4000K available)
- CRI: 70+
- Voltage: 120-277V
- Optics: Type V — Louvered Lens
- Housing: Cast Aluminum Head / Extruded Aluminum Body
- Finish: UV-stabilized powder-coated Bronze
- IP Rating: IP65
- IK Rating: IK08
- BUG Rating: B1 U2 G2
- Surge Protection: 4kV
- Rated Life: 50,000 Hours (L70)
- Operating Temp: -40°C to +40°C
- Listings: UL, cUL Listed
- Warranty: 5-Year Warranty
- Lead Time: 2-3 Weeks Production + Shipping

AVAILABILITY

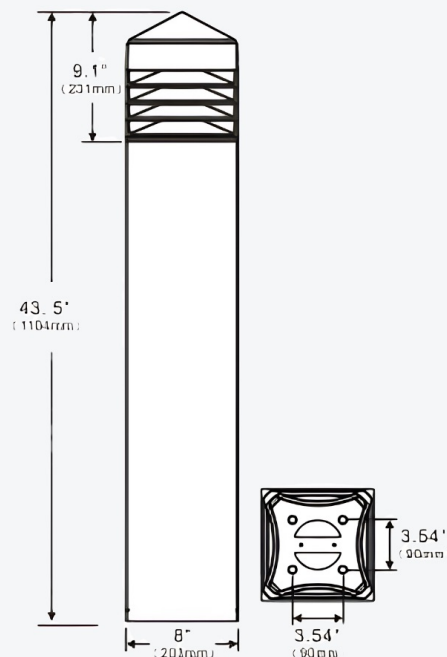

ARCO 40-watt LED Bollard Light is available now at www.accessfixtures.com. Production lead time is 2-3 weeks plus shipping. To place an order or speak with a lighting specialist, contact Access Fixtures at 800-468-9925 or sales@accessfixtures.com.

ABOUT ACCESS FIXTURES

Access Fixtures is a leading manufacturer of commercial, industrial, and outdoor LED lighting solutions, specializing in durable, high-performance products designed for demanding environments. With over 25 years of industry experience, Access
