The Miami event will bring together families, children, service providers, educators, autism organizations, therapy centers, healthcare companies, and community partners for a full day focused on resources, inclusion, connection, and next steps for children and families.

CHILL ACT Miami is designed to help families discover meaningful services and support in areas such as autism

care, ABA therapy, speech therapy, occupational therapy, sensory support, special education, early childhood services, behavioral health, learning programs, recreation, and family resources.

The event will also feature the CHILL ACT Runway, where neurodiverse children will walk with professional models in a celebration of confidence, visibility, and inclusion. The runway is designed to show that every child deserves to be seen, celebrated, and supported.

CHILL ACT is honored to welcome Acorn Health as a Co-Sponsor of CHILL ACT Miami. Acorn Health provides autism-focused ABA therapy and diagnostic services and supports children and families through individualized, evidence-based care. Its involvement reflects the shared goal of helping families access trusted, child-centered autism services and better understand available pathways for care and development.

INDESE is an academy and therapy center in Miami focused on providing a nurturing environment where children can learn, explore, and grow. Its participation aligns strongly with CHILL ACT's mission of bringing education, therapy, and family support organizations directly to the community.

CHILL ACT is building one of the largest in-person networks of neurodiversity and kids' activity expos in the United States. Upcoming 2026 events include Miami, Florida; Houston, Texas; Salt Lake City, Utah; Durham, North Carolina; Albuquerque, New Mexico; and Freehold, New Jersey.

Across its completed and upcoming events, CHILL ACT continues to create a trusted in-person platform where families can meet providers face-to-face, explore services, ask questions, and find meaningful next steps for their children.

"CHILL ACT Miami is not just an expo; it is a platform for families to find answers, build connections, and feel supported," said the CHILL ACT team. "We are grateful to have Acorn Health and INDESE as Co-Sponsors. Their work with children and families directly supports the purpose of CHILL ACT — helping families access resources, services, and opportunities that can make a real difference."
