* One amplifier supports up to 6 paging microphones in daisy chain.

The VOKON 6-Zone Matrix Hybrid Power Amplifier combines powerful amplification, flexible matrix routing, and intelligent zone management into one reliable system. Paired with the 6-Zone Remote Paging Microphone, users can easily perform independent zone paging or all-zone announcements with crystal-clear voice transmission and convenient operation.

Designed for modern commercial spaces, the system supports background music broadcasting, emergency paging, promotional announcements, and daily communication management across multiple areas simultaneously. Whether used in a busy supermarket, stylish coffee shop, shopping mall, hotel lobby, school campus, or office building, the VOKON solution ensures stable performance, easy installation, and excellent audio clarity.
