

Vitality Month 2026 Brings Together Global Wellness Leaders

Aker BioMarine Launches Vitality Month 2026: “Active Body, Active Mind” Event Series to Unite Global Health & Wellness Leaders

LYSAKER , NORWAY, June 8, 2026 /EINPresswire.com/ -- [Aker BioMarine](#) is proud to announce the return of [Vitality Month](#) for its second edition, an international event series bringing together experts, brands, and innovators from across the health and wellness industry. Under the unifying theme, Active Body, Active Mind, Vitality Month 2026 will explore how science-backed ingredients can support physical vitality, cognitive performance, women’s health, sleep, healthy aging, weight management, and overall wellbeing.

Throughout the series, attendees will gain insights into Aker BioMarine’s innovative, science-backed ingredient portfolio, including Lysoвета, Superba Krill oil, Revertia, and PL+. Superba Krill oil helps support an active body by promoting metabolism, muscle health, recovery, heart health, and overall vitality, while Revertia delivers one of the highest natural concentrations of algae-based DHA to support brain, eye, and maternal health, as well as overall wellbeing. PL+ is a phospholipid-based delivery platform designed to enhance the bioavailability of nutrients in dietary supplements.

Registration for Vitality Month 2026 is now officially open. Participants are invited to register their interest to receive updates on featured speakers, agenda highlights, and event details in each city.

"Our Active Body & Active Mind initiative brings together scientific research, product innovation, and authentic dialogue," said Mercè Piñol, SVP Sales Human Health Ingredients EMEA & LATAM at Aker BioMarine. "By aligning our ingredients with benefits that resonate with today's consumers, we're highlighting the growing link between physical and cognitive health, and its significance in the nutraceutical market."

Vitality Month 2026 will feature leading voices from across the nutrition and wellness sectors, highlighting how innovative ingredient solutions can help support healthier, more active lifestyles—for both body and mind. Additional speakers and partners will be announced in the coming weeks.

About Aker BioMarine

Aker BioMarine is a leading human health and nutrition innovator that develops sustainable marine-based health ingredients. By harnessing the natural, nutritional power of Krill and Algae, Aker BioMarine has a unique position in its industry by helping address global health challenges, such as Omega-3 deficiencies. The ingredient portfolio consists of Superba Krill[®] Oil, Lysoveta[®], Revervia[®], and PL+[™], as well as the consumer brand, Kori[®] Krill Oil. The innovative approach also extends into the spin-offs AION[®] (reduce and recycle plastic waste across industries) and Understory[®] (a protein brand). Aker BioMarine is listed on the Oslo Stock Exchange (AKBM). More information is available at www.akerbiomarine.com.
