MELBOURNE, FL, UNITED STATES, June 6, 2026

[/EINPresswire.com/](#) -- [OMNI Healthcare](#) is proud to welcome board-certified general surgeon Dr. Edgar Figueroa, MD, FACS, to its physician group — a significant addition to its mission of delivering high-quality, accessible care across Brevard County.

The announcement comes alongside Dr. Figueroa's reappointment to the Eastern Florida State College (EFSC) District Board of Trustees by Governor Ron DeSantis on May 29, 2026. First appointed in 2018, his reappointment is subject to confirmation by the Florida Senate.

A Distinguished Surgical Career

A surgeon for more than 35 years and a fixture of the Brevard medical community for over 26 years, Dr. Figueroa is a Fellow of the American College of Surgeons and a Diplomate of the American Board of Surgery. His expertise spans complex procedures

including robotic surgery, advanced laparoscopic hernia repair, foregut and midgut surgery, and abdominal wall reconstruction. He earned his medical degree from Universidad Central del Este and completed his general surgery residency at Ponce Regional Hospital in Puerto Rico.

As Trauma Medical Director at Holmes Regional Medical Center, Dr. Figueroa helped design the region's trauma center. During NASA's Space Shuttle program, he served as the agency's liaison there, with his team designated first to receive astronauts in an emergency.

In 2021–2022, he completed Harvard Medical School's Surgical Leadership Program, earning board eligibility in Healthcare Administration, Leadership, and Management.
