

This Juneteenth, Retired Air Force Chief Challenges Americans to Ask One Question: 'What Seat Are You Choosing?'

Free National Webinar Connects the Spirit of Juneteenth to Financial Freedom and Wealth Building

CLEARWATER, FL, UNITED STATES, June 8, 2026 /EINPresswire.com/ -- While millions of Americans gather to celebrate Juneteenth and reflect on the meaning of freedom, retired U.S. Air Force Chief Master Sergeant, investor, author, and financial educator John "Jay" Sned is inviting people to consider another form of freedom that remains elusive for many: financial freedom.

One Seat. One Choice. One Future

On Tuesday, June 16, 2026, at 7:00 PM Eastern Time, Sned will host a special online Juneteenth webinar titled:

“

Freedom is not just something you receive. It's something you prepare for, pursue, and protect.”

John "Jay" Sned

“The Seat You Choose”

The free event challenges attendees to examine the choices, habits, and financial decisions that ultimately determine where they sit in life—not just today, but decades from now.

“Most people believe their future is determined by circumstances,” says Sned. “I believe it's determined by the seat they choose. Every day we're making decisions that move us closer to freedom or further away from it.”

Drawing inspiration from the resilience, perseverance, and pursuit of opportunity that Juneteenth represents, Sned will explore how ordinary people can begin building wealth regardless of their current income, background, or financial knowledge.

Topics Include:

- * The hidden cost of remaining a spectator in your own financial future
- * Why financial freedom starts long before you have money
- * The mindset shifts that separate builders from bystanders
- * How investing can become a pathway to generational impact
- * Practical steps anyone can take to begin creating lasting wealth

Snead served 21 years in the United States Air Force, retiring from the Pentagon as a Chief Master Sergeant. Today, he is the founder of [Wealth Builders Mastermind Group](#), a financial education community focused on helping everyday people learn investing, wealth-building principles, and financial independence strategies.

He is also the author of [The Forever Paycheck: Building Wealth the Warren Buffett Way](#), a book that simplifies Buffett's timeless investing principles for everyday investors and [The Financial Miseducation of Black America: Breaking the Chains of Economic Dependence](#).

Why Juneteenth?

Juneteenth commemorates the delayed arrival of freedom to enslaved Americans in Texas in 1865—more than two years after the Emancipation Proclamation.

According to Snead, the lesson remains relevant today.

"Freedom is not just something you receive. It's something you prepare for, pursue, and protect. Financial education and ownership are among the most powerful tools available to create opportunity for ourselves, our families, and future generations."

The webinar is open to the public and designed for individuals who want to improve their financial future, learn about investing, and develop a wealth-building mindset.
