

INNOCN Announces Limited-Time Amazon Savings on Gaming and Ultrawide Monitor Lineup

LOS ANGELES, CA, UNITED STATES, June 9, 2026 /EINPresswire.com/ -- A selection of INNOCN gaming and ultrawide monitors will be available at discounted pricing during a limited-time Amazon promotion, offering options for competitive gamers, content creators, and multitasking professionals.

INNOCN today announced a limited-time promotional event on Amazon featuring several gaming and ultrawide monitor models. The promotion includes savings across multiple display categories, ranging from high-refresh-rate gaming monitors to large-format ultrawide displays designed for immersive entertainment and productivity workflows.

The promotion highlights four display models intended to serve different user needs.

INNOCN 27 Inch Gaming Monitor (Model [27G2T](#))

Designed for competitive esports, this 1440p display features a 320Hz refresh rate to ensure fluid motion tracking.

During the promotional window, the model is positioned at a Best Deal price of \$169.97, representing a \$110 reduction from its regular retail price of \$279.99.

INNOCN 49 Inch 5K2K Ultrawide Monitor (Model [49C1S](#))

Positioned at the premium tier of the ultra-panoramic category, this 49-inch display delivers a 5K2K resolution combined with a fast 240Hz refresh rate, bridging the gap between high-fidelity visual production and high-frame-rate gaming. It is available during the event for \$624.97, down from the regular price of \$799.49.

Product Availability: <https://www.amazon.com/dp/B0D1VHBPQT>

INNOCN 49 Inch 144Hz Ultrawide Monitor (Model H3CQC-P)

This 49-inch ultrawide variant offers a 144Hz refresh rate, balancing panoramic workspace utility with smooth gaming performance. The retail pricing has been adjusted from \$749.99 to a promotional tier of \$529.97, yielding a total savings of \$175.

Product Availability: <https://www.amazon.com/dp/B0G6CVTWVP>

According to corporate statements, these promotional adjustments are scheduled to be live on the official Amazon US marketplace for a limited duration during the upcoming Best Deal cycle. The company aims to evaluate market responses to these pricing structures to inform its inventory allocations for the upcoming quarters.

About INNOCN

INNOCN develops display products for gaming, professional content creation, entertainment, and productivity applications. The company offers a range of monitor solutions including Mini LED, OLED, 4K, and ultrawide display technologies for consumers and professionals worldwide.
