

Techfynder Announces Official Partnership with the University of Limerick to Support International Students

Techfynder is proud to announce its official partnership with the University of Limerick, Ireland, as an international study abroad agency supporting students

DUBLIN, DUBLIN, IRELAND, June 8, 2026 /EINPresswire.com/ -- [Techfynder](#) is proud to announce its official partnership with the [University of Limerick](#) (UL), Ireland, as an authorised international study abroad agency supporting students from South Asia who wish to pursue higher education in Ireland.

Exciting partnership with Techfynder and University of Limerick

This strategic collaboration strengthens Techfynder’s commitment to connecting talented students with globally recognised universities and future-focused educational opportunities. Through this partnership, Techfynder will assist students across South Asia with university admissions, scholarship guidance, visa support, accommodation assistance, and end-to-end study abroad counselling for programmes at the University of Limerick.

“

We are delighted to officially partner with the University of Limerick, one of Ireland’s leading and most internationally recognised universities, to support students from South Asia”

Paul Guy

Located in one of Ireland’s most innovative and student-friendly cities, the University of Limerick is internationally recognised for its strong academic reputation, industry-focused education, modern campus, and graduate employability. UL offers leading programmes across Business, Artificial Intelligence, Engineering, Data Analytics, Healthcare, Cybersecurity, Science, and Technology.

As Ireland continues to grow as a global education destination, the partnership aims to create new pathways for ambitious students seeking [international education](#) and career opportunities

in Europe.

Speaking about the partnership, Paul Guy, Marketing Director of Techfynder stated:

“We are delighted to officially partner with the University of Limerick, one of Ireland’s leading and most internationally recognised universities, to support students from South Asia in accessing world-class education opportunities in Ireland. Home to over 20,000 students from more than 100 countries, UL is renowned for its innovation, strong graduate employability, industry-focused learning, and pioneering Co-Operative Education programme that provides valuable real-world experience alongside academic study. With globally respected programmes across Business, Engineering, Artificial Intelligence, Technology, Healthcare, and Data Analytics, this partnership reflects Techfynder’s long-term vision of helping students build successful international careers through quality education, trusted guidance, and meaningful global opportunities.”

Students applying through Techfynder will benefit from personalised support throughout the entire process, including:

- University and course selection
- Scholarship assistance
- Visa guidance
- Documentation review
- Accommodation support
- Pre-departure assistance

The partnership further strengthens Techfynder’s growing presence within the international education sector and reinforces its mission to connect students with leading global opportunities through technology, guidance, and trusted partnerships.
