BOCA RATON, FL, UNITED STATES, June 8, 2026 /EINPresswire.com/ -- Meteora Capital, LLC

“

The negative bias around SPACs is a vestige of 2021's excesses. Now the asset class is largely defined by a smaller, higher-quality market led by proven sponsors—the part of the cycle we're built for.”

Vik Mittal, CFA, CEO and Chief Investment Officer of Meteora Capital

("Meteora") today announced that Vik Mittal, CFA, Founder and Chief Investment Officer, appeared on The SPAC Podcast in a wide-ranging conversation with hosts with hosts Mike Blankenship, Managing Partner and Co-Chair of the Capital Markets Practice at Winston & Taylor LLP, and Joshua Wilson, Founder of One Iron Network and Executive Producer of Smooth Stone Capital.

Drawing on more than two decades in the asset class, Mr. Mittal traced its evolution from a niche product to today's more disciplined market, and explained why serial sponsors with institutional pedigree and genuine alignment is defining the 2025/2026 resurgence. valuation-discipline mechanisms in completing de-SPAC transactions.
