The Mark Lee Team closed \$88.14 million in total sales volume — earning the team a national volume rank of #382 and a Florida state volume rank of #37. With an average home price of \$847,853 the team consistently operates at the top tier of the luxury and waterfront property market serving the greater Pensacola Beach area.

The ranking comes at a pivotal moment for the Pensacola

the most beautiful in the country — Pensacola has undergone a remarkable transformation in recent years. A thriving downtown has taken shape, anchored by a vibrant restaurant scene, art galleries, live music venues, and a cultural energy that has drawn national attention, including recognition from The Wall Street Journal. This blend of natural beauty and urban sophistication has attracted a wave of discerning buyers — relocating professionals, second-home seekers, and luxury investors — who are discovering that Pensacola delivers a lifestyle that rivals far better-known Florida markets at a compelling value. The Mark Lee Team has been at the forefront of this growth, expertly guiding clients through one of the Gulf Coast’s most dynamic and fast-evolving luxury markets.

“This recognition from RealTrends is a testament to Mark Lee Team, Levin Rinke Realty & Forbes Global Properties brands. We are proud to serve the Pensacola community, and this ranking motivates us to keep raising the bar for what buyers and sellers can expect from their real estate experience.”
