Ramparts Achieves C3PAO Authorization

BALTIMORE, MD, UNITED STATES,

September 29, 2026 /EINPresswire.com/ -- Ramparts, a leader in cybersecurity and compliance solutions, announced that it has achieved authorization as a CMMC Third-Party Assessment Organization ([C3PAO](#)). This milestone empowers Ramparts to provide official CMMC Level 2

Assessment and certification services to Defense Industrial Base (DIB) contractors.

Achieving C3PAO status is a testament to our team's expertise and our long-standing commitment to national security"

Colin Bowers

As federal regulations continue to evolve, the Cybersecurity Maturity Model Certification (CMMC) remains critical for organizations handling Controlled Unclassified Information (CUI). With this new authorization, Ramparts is uniquely positioned to help contractors navigate the complexities of CMMC compliance, offering a

clear, efficient path toward certification.

"Achieving C3PAO status is a testament to our team's expertise and our long-standing commitment to national security," said Colin Bowers, President of Ramparts. "Our mission has always been to help fellow DIB contractors confidently achieve and maintain CMMC readiness. We understand the high stakes involved in protecting our nation's critical data, and we are proud to provide the assessment and certification services our clients need to continue their vital work with the Department of Defense."

With over 30 years of DoD experience, cybersecurity, and compliance experience, Ramparts offers a comprehensive suite of services designed to prepare contractors for the future of cybersecurity. In addition to [CMMC assessments](#), Ramparts provides:

- CMMC Level 2 Self-Assessments
- Mock Assessments
- Pentesting and Vulnerability Assessments

- Security Compliance Solutions
