

[2026] Povidone Iodine Market Growing at a CAGR of 4.7% to 2031, Says AMR

The global povidone iodine market is projected to reach \$242.2 million by 2031, growing at a CAGR of 4.7% from 2022 to 2031

WILMINGTON, DE, UNITED STATES, June 11, 2026 /EINPresswire.com/ -- Allied Market Research has published a report on the global [povidone iodine market](#), which showcases that the industry is anticipated to obtain \$242.2 million by 2031, exhibiting an exceptional CAGR of 4.7% during the forecast period. Previously, the market was worth \$152.6 million in 2021. The report provides an in-depth analysis of the market, which encompasses revenue estimations, key investment opportunities, current trends, regional insights, market dynamics, and the competitive landscape.

POVIDONE-iodine Market Report: PVP-I Market Analysis:

AMR's study has examined the most recent insights, innovations, and analyses in various industries. This study offers useful information to drive knowledgeable decisions in today's dynamic market landscape. For example, in February 2021, Avrio Health, Purdue Pharma L.P.'s subsidiary company, launched its new product of Betadine Antiseptic Oral Rinse, which is a pre-procedure oral antiseptic rinse with an active component of 0.5% povidone-iodine.

Furthermore, in October 2022, Mundipharma's collaboration with Ecolab aimed to enhance the formulation and delivery systems of antiseptic solutions containing Povidone Iodine. This partnership is significant as it focuses on improving the efficiency and effectiveness of antiseptic solutions, which are necessary in healthcare facilities.

POVIDONE-iodine Market Report: PVP-I Market Analysis:

The research report further investigates the competitive landscape of the global povidone iodine industry. It provides precise information about company profiles, business segments, and strategic initiatives implemented by top companies, including mergers and acquisitions, partnerships, joint ventures, and the introduction of novel products. This information helps investors, organizations, shareholders, and new entrants make informed investment decisions to
