Recognising Excellence Across Events, Exhibitions, and Live Experiences

The achievements recognised in the 2026 Events and Exhibitions Awards reflect the skill required to create experiences that feel seamless to guests while often involving significant planning, coordination, and operational complexity behind the scenes. This year's winners and finalists demonstrated strengths across audience engagement, client communication, event design, catering quality, production planning, and the ability to adapt live experiences to the needs of different attendees and settings.

Across the awards, the recognised entrants showed how successful events are built on much more than strong ideas alone. Their achievements include thoughtful pre-event communication, flexible programme design, transparent customer service, creative use of space, sustainable planning choices, high-quality food and hospitality, and careful attention to the details that shape how people feel before, during, and after an event.

The 2026 Events and Exhibitions Awards also highlight the importance of trust, consistency, and personal connection within the sector. From businesses scaling regular face-to-face events across the UK to individuals building strong performance brands through live bookings, digital reach, and client relationships, this year's recognised entrants demonstrate the professionalism, energy, and adaptability needed to succeed in a highly people-focused industry. Business Awards UK congratulates all winners and finalists for their achievements and their contribution to the continued strength of the UK events and exhibitions sector.
