Canada is pleased to announce it will be celebrating the 10th anniversary of the Canadian Business Excellence Awards for Private Businesses on September 23rd. This year, 46 organizations will be receiving the Canadian Businesses Excellence Award for clearly demonstrating a strategic approach to successfully improving business performance and achieving goals, with a focus on the following three key performance areas: Delighted Customers; Engaged Employees; and Innovation.

We are also pleased to announce the inaugural Entrepreneurial Innovation award category that recognizes outstanding organizations who are redefining what is possible through creativity, innovation, and entrepreneurial excellence.

The Canadian Business Excellence Awards is an annual awards program that recognizes outstanding achievements by organizations in the private sector, from coast-to-coast across Canada.

Sean Slater, President & CEO of Excellence Canada, remarked, "As we celebrate the 10th anniversary of the Canadian Business Excellence Awards, we are proud to recognize 46 organizations that exemplify the innovation, resilience, and leadership driving Canada's economy forward. While the number of award recipients is significant, what is even more important is what they represent: a growing community of organizations committed to continuous improvement, employee engagement, customer excellence, and sustainable growth. Their achievements demonstrate that Canadian businesses can compete and succeed on a global stage while creating stronger workplaces, stronger communities, and a more competitive Canada for the future."

The awards will be presented at the 2026 Canadian Business Excellence Awards Cocktail Reception on Wednesday, September 23rd at the Eglinton Grand in Toronto.
