

Beyond FlexSpace Selects Workspace Geek to Power Its Premier Coworking Location in Houston, Texas

HOUSTON, TX, UNITED STATES, June 11, 2026 /EINPresswire.com/ -- [Beyond FlexSpace](#), a modern coworking and flexible workspace provider, has selected [Workspace Geek](#), the operating platform developed by [Morningstar Software](#), Inc., to power its premier Houston location.

“

Our mission is to provide operators with the infrastructure they need to grow confidently while maintaining exceptional service for their members.”

Roger Bruce

The partnership brings together Beyond FlexSpace's elevated coworking experience with Workspace Geek's integrated management and payment infrastructure, creating a streamlined and scalable operational foundation.

Workspace Geek will provide a unified platform for member management, billing, reporting, ecommerce, and payment processing — allowing Beyond FlexSpace to optimize operations while enhancing the member

experience.

“We have always been committed to offering a premier workspace experience,” said Yasslin Benmensour, Customer Experience Manager at Beyond FlexSpace. “Workspace Geek gives us the tools and operational support necessary to grow confidently while maintaining the high level of service our members expect.”

Workspace Geek's platform is designed specifically for coworking and flex space operators, consolidating multiple operational tools into a single system. The solution enables operators to simplify administration, improve financial visibility, and scale efficiently across locations.

“We're excited to partner with Beyond FlexSpace as they continue building a premier coworking destination in Houston,” said Roger Bruce, CEO of Workspace Geek. “Our mission is to provide operators with the infrastructure they need to grow confidently while maintaining exceptional service for their members.”

The collaboration reflects a shared commitment to innovation, operational excellence, and delivering value to today's flexible workforce.

About Beyond FlexSpace
