

# HARMLESS - FILM STARRING OWEN MORGAN, MARISSA RIVERA, SCOTT CHRISTOPHER, AND GARY J KLAVANS - SET FOR JXN FILM FESTIVAL

*Panther Pictures' independent feature stands out as a professional quality thriller shot in Jackson, Mississippi on Kodak small-format film.*

JACKSON, MS, UNITED STATES, June 11, 2026  
/EINPresswire.com/ -- Panther Pictures, Roseland Pictures, Mailbox Entertainment, and the producers of [Harmless](#) are pleased to announce the selection of the film for the JXN Film Festival, in Jackson, MS, July 26-31, 2026!

We are also proud to announce that the production was just covered by the prestigious 'Super 8 Magazine,' published in Hamburg, Germany. The magazine still appears as a high-quality print edition, and is considered the Publication of Record for small format film.

Harmless is a mystery/thriller about the hazards that come into our lives because we can't really know what is going on in the mind of another person. Most of the people we know in life are quiet. Unassuming. Ordinary. Average. Average does not mean innocent, and even if someone has never done you any harm, that doesn't make them harmless. In our story, Grace's husband has disappeared. Shawna Gordon, her neighbor's wife, is gone too. The obvious conclusion is that they ran off together. But as Grace and a local police detective examine John Gordon's story, the narrative unravels--and so does the harmless-seeming John. Now Grace and Detective Morris must get to the truth to protect not only themselves, but John's past, future, and current victims.

“

A bold foray in a genre and a format that couldn't be more made for each other.”

*Chris Clermont*

Harmless is finalized and available for theater screenings and streaming services; currently all rights are available.
