The multi-day finals event will feature approximately 1,100 dance routines performed by competitors representing five states, including Texas, Oklahoma, New Mexico, Virginia and Georgia. The competition continues Elevation on Tour's rapid national growth as the brand expands its reach beyond Texas while building a reputation for high-energy events, community-centered experiences and dancer development opportunities.

“

Elevation on Tour is about more than competition—it's about building confidence, creating connections and celebrating every dancer's journey”

Kristina Cross

“Our finals are about so much more than competition,” said co-founder Kristina Cross. “We’ve created an

environment where dancers from different backgrounds and states can come together, build confidence, create friendships and celebrate the hard work they've put in all season long. Watching this event continue to grow year after year has been incredibly rewarding.”

The 2026 Texas Finals Event follows a successful 2025 Finals, where Elevation on Tour hosted

approximately 1,220 routines with dancers traveling in from four states. This year's competition expands both geographically and competitively as more studios from outside Texas continue joining the finals experience. In addition to outstanding performances, this year's event will award more than \$25,000 in cash prizes, event credits and scholarship opportunities designed to support dancers both on and off the competition stage.
