operates by appointment and accepts new and returning patients from across the city. Care is non-surgical and assessment based, and treatment plans for chiropractic care in Jacksonville are developed for each patient according to examination findings rather than a single standardized protocol.

Chiropractic care at East Coast Injury Clinic is delivered through chiropractic adjustments for patients in Jacksonville and the surrounding Deerwood Park area. Physical therapy is provided for patients recovering from injury, including residents of the Baymeadows area who

require structured rehabilitation following chiropractic care. Auto accident injury care addresses whiplash, neck pain, and soft tissue injuries for drivers in the Southpoint area and nearby neighborhoods of the city. Pain relief and injury care supports patients managing back pain, sciatica, and recurring discomfort throughout the Deerwood Park area. Patients in the Baymeadows and Southpoint areas who are referred for physical therapy after an auto accident receive the same rehabilitation services at this location, and follow-up chiropractic adjustments for residents across the city are scheduled at the Deerwood Park office. Each of these services is provided at the single Jacksonville location and coordinated under one treatment plan when a

patient presents with more than one condition, so that chiropractic care and physical therapy in the city are managed together rather than referred out. Current updates on the services offered are posted to the clinic's Google Business Profile on a regular schedule, and [the profile that documents the Jacksonville location](#) records the same address and contact details for verification.

East Coast Injury Clinic is listed under the Chiropractor and Physical therapist categories on Google, which correspond to the chiropractic care and physical therapy services the clinic provides in Jacksonville. The practice delivers these services to patients across the city, including the Deerwood Park, Baymeadows, and Southpoint areas. Chiropractic care and auto accident injury care are provided at the same Deerwood Park location, allowing patients to receive assessment, adjustment, and rehabilitation without traveling to separate facilities. The clinic's location record, patient reviews, and service information for the Jacksonville practice can be viewed on Google at <https://maps.app.goo.gl/KHDUPHQMeViiZAaJ9>. The combination of chiropractic care, physical therapy, pain relief and injury care, and auto accident injury care offered at this location reflects the practice's role as an established provider of these services within the Jacksonville area, where it operates among other chiropractic providers on the Southside of the city.

East Coast Injury Clinic is located at 10550 Deerwood Park Blvd Suite 609, Jacksonville, Florida 32256, in the Deerwood Park area on the Southside of the city.
