

As More Illinois Families Relocate to Kenosha, Five-Star Moving Crew Expands Its Local Moving Service Area

The family-owned Kenosha mover broadens coverage across southeastern Wisconsin to meet rising demand from cross-border movers and local residents.

KENOSHA, WI, UNITED STATES, June 15, 2026 /EINPresswire.com/ -- KENOSHA, Wis. — Five-Star Moving Crew, a locally owned and family-operated moving company serving southeastern Wisconsin since 2012, today announced an expansion of its service area to meet a sharp rise in relocation demand across the Kenosha region. The company now serves Kenosha, Racine, Pleasant Prairie, Mount Pleasant, Oak Creek, Walworth, and Milwaukee, with full details available at <https://wemovekenosha.com>.

The expansion responds to a well-documented migration trend. Wisconsin has become a leading destination for households leaving higher-cost markets, with Illinois consistently ranking as the top origin state for new Wisconsin residents. Kenosha, positioned almost equidistant between Chicago and Milwaukee, has emerged as a focal point for that movement, drawing families, remote workers, and professionals seeking lower housing costs without sacrificing access to either metro area.

Affordability is a central driver. Kenosha's median home price sits well below comparable suburbs across the Illinois state line, a gap that continues to pull cost-conscious buyers north. As more of those moves close, demand for reliable local movers has grown across the communities Five-Star Moving Crew serves.

"More people are choosing Kenosha, and they want [movers in Kenosha](#) who actually know these neighborhoods and treat their belongings like their own," said Anthony Sr., owner of Five-Star Moving Crew. "Expanding our service area lets us say yes to more of those families while keeping the same hands-on, honest service we've built our reputation on."

Five-Star Moving Crew offers a full range of moving services, including residential moving, apartment moving, professional packing, labor-only help, junk removal, senior moving, piano moving, large-item moving, and premium [white glove service](#). The company emphasizes transparent, upfront pricing with no hidden fees, home and furniture protection using floor runners, door-jamb guards, and furniture pads, and a quote process that returns a response within 24 hours.

The company's customer reputation has anchored its growth. Five-Star Moving Crew holds a 4.9-star average across its Google reviews, with customers repeatedly citing on-time arrivals, careful handling of fragile and high-value items, clear communication, and final bills that come in at or under estimate.

"We started as a father-and-son crew, and that's still how we operate, just with a bigger team and a wider map," said Anthony Sr. "Whether someone is moving a one-bedroom apartment downtown or a full house from across the state line, the standard doesn't change."
