

# HIBINO Announces First Long-Term North American Display of Life-Size 'Virtuous Contract' from NieR:Automata

TOKYO, JAPAN, June 19, 2026 /EINPresswire.com/ -- Display Debuts at the Grand Opening of the Officially Licensed SQUARE ENIX Cafe & Shop LOS ANGELES

HIBINO Corporation (Head Office: Minato-ku, Tokyo; President and COO: Satoshi Yoshimatsu) is pleased to announce that “Virtuous Contract” (SMT-A1), a life-size replica of the iconic weapon featured in NieR: Automata and the first product in the HIBINO smart series, will be displayed at the Officially Licensed SQUARE ENIX Cafe & Shop LOS ANGELES, which celebrates its Grand Opening on June 20, 2026.

Virtuous Contract is one of the signature weapons wielded by 2B, the protagonist of NieR: Automata.

Developed under the full supervision of Square Enix, Virtuous Contract faithfully recreates the weapon at full scale, measuring approximately 54.7 inches in length. Every detail has been carefully crafted to capture its distinctive appearance and texture, while integrated lighting and sound effects are activated through an acceleration sensor, bringing the world of NieR: Automata to life.

For this exhibition, Virtuous Contract is displayed on a dedicated display stand featuring an integrated LED light ring. Inspired by the visual aesthetic of NieR: Automata, this setup enhances the presentation of the product while helping café guests imagine how it could be displayed in their own collections.

Until now, fans have primarily experienced Virtuous Contract through product photography, videos, and online sales channels. This exhibition provides a rare opportunity for North American café guests to view the life-size replica in person and appreciate its scale, craftsmanship, and attention to detail firsthand.

HIBINO currently offers Virtuous Contract in North America, as well as the Virtuous Contract Complete Set (SMT-A1C-A), which includes the sword, the LED Light-Ring Display Set featured in
