"Every home is as unique as the owner, and listening to each client is a big part of what we do," said Mr. Ben Neely, Owner and Spokesperson at Riverbend Homes. "We are very selective about how many projects we take on at one time, and we are committed to being on site to manage each build every day."

The company provides design and build services to clients across the Texas Hill Country and serves residents in communities including Spicewood, Horseshoe Bay, Briarcliff, Bee Cave, Austin, Marble Falls, Round Mountain, Johnson City, Lake Travis, Lake LBJ, Highland Haven, and Kingsland. Its service area spans Travis, Williamson, Hays, Blanco, Llano, and Burnet counties.

"The Texas Hill Country has been our home and our focus since 1996," Neely said. "Our goal is to design homes that complement the surrounding landscape and reflect each client's needs."

Past clients have shared their experiences working with the company. Chad F. said: "Ben was

incredibly easy to work with. He is professional and consistently offers options to stay within your budget while also delivering a fantastic product. Five years prior we built with a track home builder and this was significantly better. He listened to our needs and was one of the only builders in the area to take on our project! The craftsmanship and quality of this home builder is head and shoulders above the rest. I would build again with Riverbend Homes and can recommend them without reservation."

Dolores S. said: "We recommend Riverbend Homes for your next residence. Ben and Blake have good chemistry and are very approachable and accessible. They have good ideas for making your home match your dreams, while staying within your budget. During these times of volatility, they won't leave you hanging. Wonderful first-time building experience."

Chris C. said: "A builder with integrity that values the customers opinions and needs for the project. It was a great experience working with Riverbend Homes and we love our home."
