

We All Bleed The Same Calls Christians To Confront Racism Through Faith, Unity, And Biblical Truth

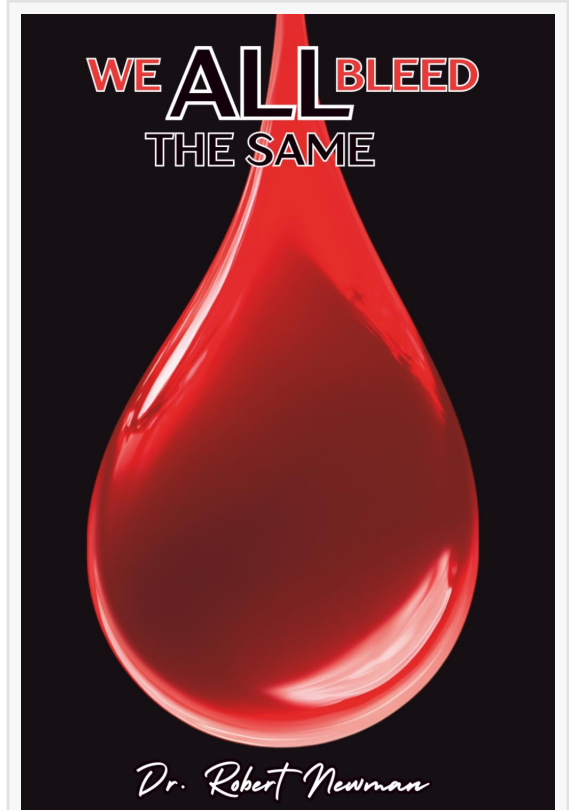

Dr. Robert Newman examines God's view of human equality and challenges believers to turn biblical beliefs into actions reflecting Christ's love for all people.

NEW YORK CITY, NY, UNITED STATES, June 20, 2026 /EINPresswire.com/ -- Dr. Robert Newman presents *We All Bleed The Same: God's View on Racism*, a thought-provoking Christian book that addresses one of society's most enduring challenges through the lens of Scripture. Drawing upon biblical principles of equality, unity, and God's impartial love for humanity, the book encourages readers to examine racial division in light of their faith and consider how Christian beliefs should shape relationships, attitudes, and daily actions.

At the core of the book is the message that every human being is created with equal value and dignity before God. Dr. Newman explores biblical teachings that emphasize God's love for people of every race, ethnicity, and background, while highlighting the vision of unity found throughout Scripture. Through careful reflection on God's character and Christ's mission, the book presents a compelling argument that racism stands in direct opposition to the values and principles that define Christian faith.

The inspiration behind *We All Bleed The Same* comes from a desire to help believers move beyond intellectual agreement and embrace practical expressions of biblical unity. Dr. Newman recognizes that understanding God's truth is only the beginning. Lasting change occurs when convictions influence behavior, relationships, and the ways individuals interact with those whose backgrounds and experiences may differ from their own. His work seeks to bridge the gap between theological understanding and everyday application.

Throughout the book, readers are challenged to consider how faith should influence their

response to prejudice, division, and social barriers. Dr. Newman encourages believers to reflect Christ's love through compassion, respect, humility, and intentional efforts to build meaningful relationships across racial and cultural lines. By focusing on biblical truth rather than political or cultural agendas, the book invites readers to pursue a vision of unity grounded in God's design for humanity.

The book will resonate with Christians, church leaders, ministry teams, educators, and individuals seeking a faith-centered perspective on racial reconciliation and human dignity. Readers interested in understanding how biblical teachings apply to contemporary issues of race and unity will find valuable insight and encouragement. Its message serves as both a challenge and a call to action for those seeking to live out their faith with greater intentionality.

Dr. Robert Newman brings spiritual conviction, biblical insight, and a passion for fostering unity to this timely work. Through *We All Bleed The Same: God's View on Racism*, he encourages readers to embrace God's vision of equality and demonstrate Christ's love through their words, attitudes, and actions. The book stands as a powerful reminder that true faith is revealed not only in what believers know but in how they choose to love and serve one another.
