

# Tony Jeton Selimi Launches £1M Precision Advisory for Elite Global Leaders

*Invitation-only advisory experience integrates behavioural mastery, AI-enhanced decisions, and legacy architecture for five global leaders.*

LONDON, UNITED KINGDOM, June 23, 2026 /EINPresswire.com/ -- At a time when executive coaching has become widely accessible, [Tony Jeton Selimi](#) is moving in the opposite direction.

The global leadership advisor has announced the launch of the £1,000,000 Year of Precision Transformation™—an invitation-only advisory experience limited to five ultra-high-performing founders and global decision-makers.

Unlike traditional executive programs, [Precision Advisory for Elite Global Leaders](#) is Selimi's new offering and an initiative that integrates identity evolution, behavioural mastery, AI-enhanced strategic decision-making, and legacy architecture into a single 12-month engagement.

“

When a single decision can move markets, shape industries, or redefine legacies, guesswork is expensive. Precision is not a luxury at that level—it is survival.”

*Tony J. Selimi*

“This is not a coaching program,” Selimi states. “It is a precision partnership designed for leaders whose decisions influence industries, economies, and communities.”

With services consistently oversubscribed, Selimi's model prioritises exclusivity and depth over scale. The program includes private strategic immersions, behavioural

diagnostics, decision recalibration sessions, and strategic visibility architecture.

The philosophy behind the initiative is clear: scaling influence at the highest level requires

internal clarity, emotional intelligence, and intellectual property authority—not just capital.

“This is not about serving the millions,” Selimi says. “It is about serving those who serve the millions.”

As demand for discreet, high-level advisory continues to rise among global leaders navigating volatility and AI disruption, Selimi’s ultra-premium positioning signals a shift toward luxury precision in personal and strategic transformation.

The frameworks behind the Year of Precision Transformation™ are detailed in Selimi’s books, *A Path to Wisdom*, *#Loneliness*, *The Unfakeable Code*®, *A Path to Excellence*, and [Climb Greater Heights](#), widely regarded as the intellectual foundation of his approach to life and business mastery.

Leaders seeking direct immersion before applying for the £1M advisory may attend the *Climb Greater Heights*™ 5-Day Immersion Training, an intensive executive recalibration experience designed for high-stakes decision-makers.
