

# Port Richey Self Storage Announces 4th of July Grand Opening Storage Specials

*Grand opening specials include first month free, no admin fees, and a free lock with each unit rented while space remains.*

PORT RICHEY, FL, UNITED STATES, June 23, 2026 /EINPresswire.com/ -- [Port Richey Self Storage](#) is helping local residents, business owners, boat owners, RV owners, and seasonal travelers get organized before the 4th of July holiday weekend with limited-time grand opening storage specials still available.

For a limited time, customers can receive their first month free, pay no admin fees, and get a free lock with each unit rented. These grand opening offers are available while space remains.

Port Richey Self Storage is celebrating the 4th of July with grand opening storage specials, including the first month free, no admin fees, and a free lock with each unit rented while space remains.

As the 4th of July approaches, many Port Richey residents are preparing for summer travel, boating trips, RV outings, holiday gatherings, and hurricane season. Extra storage can help customers clear crowded garages, organize household items, free up driveway space, and create more room for seasonal supplies.

"The 4th of July is a busy time for families, travelers, boat owners, RV owners, and local businesses," said Gregg Horwitz of Port Richey Self Storage. "Our grand opening specials are designed to help customers save money while getting the space they need before the summer season gets even busier."

Port Richey Self Storage offers indoor [climate controlled storage](#) units for household belongings, furniture, electronics, documents, clothing, collectibles, business files, and other items that may be affected by Florida heat and humidity. Indoor storage units are available on the 1st, 2nd, and 3rd floors, with elevator access available for upper-floor units.

The facility also offers paved outdoor parking for boats, RVs, trailers, campers, work vehicles, and extra vehicles. All paved outdoor parking spaces are 12x40, giving customers a consistent parking size for many vehicle storage needs. Customers should measure their vehicle, including any hitch, motor, ladder, spare tire, or rear attachment, before renting.

In addition to holiday and summer storage needs, Port Richey Self Storage can also support customers preparing for hurricane season. While no storage facility can promise full protection from severe weather, planning ahead can help reduce stress when storms become a concern. The facility is located inland from the Gulf, high and dry, and more than 10 feet above sea level, making it a practical storage option for customers looking to move belongings, business supplies, vehicles, boats, RVs, trailers, or equipment away from low-lying areas.

Many Gulf Coast residents saw the damage saltwater flooding can cause during Hurricane Helene, when vehicles, garage items, furniture, tools, appliances, and first-floor belongings were affected. Port Richey Self Storage encourages customers to plan ahead before storms are in the forecast and before available storage space becomes limited.

The facility serves customers throughout Port Richey and nearby communities, including Jasmine Estates, Orchid Lake Valley, and Magnolia Valley. Its Ridge Road location is easy to reach from Regency Park Boulevard and US 19, and is also convenient for customers near Fred K Marchman Technical College, Home Depot, and Agora at Port Richey Apartments.

Port Richey Self Storage offers online rentals, online payments, contactless move-in options, fenced and gated access, security camera monitoring, well lit storage areas, 24 hour access, free lock promotions, and no admin fees.

Customers who need personal storage, business storage, climate controlled storage, or outdoor vehicle parking are encouraged to act quickly while the 4th of July grand opening specials are still available.
