

Sofia in Exchange for Lies Celebrates Its First Anniversary at Its Lowest Price Ever — Free Demo Available Today

TOKYO, JAPAN, June 26, 2026

/EINPresswire.com/ -- MUTAN Inc. and storynote, Inc. are celebrating the first anniversary of their narrative mystery adventure, Sofia in Exchange for Lies, with its lowest price ever during the Steam Summer Sale. From June 26 to July 10, 2026 (JST), players can purchase the game for \$15.59 USD (40% off)—its lowest price ever.

Following the game's permanent price adjustment after receiving recognition at the Dengeki Indie Game Awards, this marks the first sale at its new base price, making it the best opportunity yet for new players to experience the mystery.

Launching alongside the anniversary sale is the game's free playable demo, available today from 12:00 PM JST on June 26. One of the most requested features from players, the demo introduces the game's distinctive investigative gameplay, gripping mystery, and unforgettable cast of personalities. Save data transfers seamlessly to the full version, allowing players to continue their investigation without interruption.

Whether you're new to Sofia in Exchange for Lies or have been waiting for the perfect opportunity to jump in, there's never been a better time to uncover the truth behind Sofia's fractured mind.

The image shows a Steam Summer Sale banner for the game 'Sofia in Exchange for Lies'. At the top, five anime-style female characters with different hair colors (purple, yellow, blue, red, green) are displayed. Below them is a black banner with 'Summer Sale' in blue, '40% Off Now On!' in large yellow and white text, and 'STEAM 2026 June 26 Fri - July 10 Fri' in white. To the right, a blue box shows the 'Regular Price' of '\$25.99' with a downward arrow and the sale price of '\$15.59'. Below the banner, the text 'Sofia in Exchange for Lies Campaign' is written. The main title 'Sofia in Exchange for Lies' is prominently displayed in a large, stylized font, with 'Sofia' in blue, 'in Exchange' in grey, and 'for Lies' in red and green. At the bottom, the text 'Sofia in Exchange for Lies' is repeated in a smaller, plain font.

"I killed him, but it wasn't really me..."

Sofia, a young woman with multiple personalities, has been arrested as the prime suspect in the assassination of a presidential candidate.

Psychiatrist Philip is assigned to interrogate her. Forced to conduct the investigation remotely, he must piece together the truth through surveillance footage, recorded evidence, and conversations with the personalities living within Sofia.

Behind the security cameras await four distinct personalities, each born from Sofia's traumatic past and each guarding secrets of their own. As Philip earns their trust, he begins unraveling the events that led Sophia to become the prime suspect in one of the nation's most shocking crimes.

Every conversation shapes the investigation, and every deduction influences the fate of Sofia's five personalities in this multi-ending narrative mystery adventure.
