

Bengang Machinery Celebrates 4,800+ Packaging Projects Worldwide with Expanded Turnkey Solutions

WENZHOU, CHINA, June 29, 2026 /EINPresswire.com/ -- Bengang Machinery Celebrates 4,800+ Packaging Projects Worldwide with Expanded Turnkey Solutions

WENZHOU, China — June 2026 — Bengang Machinery Co., Ltd., a leading manufacturer of filling and packaging machines, today announced it has surpassed 4,800 completed projects serving 3,700+ clients across more than 40 countries since its founding in 2008.

The milestone reflects the company's continued expansion from a regional equipment supplier into a global turnkey packaging solutions provider serving food, cosmetic, pharmaceutical, and chemical industries.

"We don't just ship machines — we deliver complete production capabilities," said Owen Wei at Bengang Machinery. "Every installation includes operator training, on-site commissioning, and lifetime technical support, because our clients' production lines can't afford downtime."

#Comprehensive Product Portfolio

Bengang Machinery's product range covers the full packaging line lifecycle:

- Pouch Packaging Machines: Pre-made pouch rotary fill-seal systems capable of 3,600 bags per hour, supporting doypack, spout pouch, flat-bottom, and zipper formats
- Vertical Form Fill Seal (VFFS): Automatic bag-forming, filling, and sealing systems for powders, granules, liquids, and solid products
- Horizontal Form Fill Seal (HFFS): Flow wrapping machines for baked goods, confectionery, medical devices, and consumer products
- Liquid Filling Lines: Piston, pump, and gravity fillers for products ranging from water-thin liquids to high-viscosity creams and pastes
- Powder Filling Systems: Auger, cup, and multi-head weigher systems for fine to granular powders
- Auxiliary Equipment: Labeling machines, capping machines, induction sealers, cartoning systems, and conveyors

#Key Company Milestones

- 2008: Company founded in Wenzhou, Zhejiang, China
- 2015: Expanded to dedicated manufacturing facility with in-house engineering team
- 2018: Achieved ISO 9001 certification for quality management
- 2020: Launched turnkey packaging line solutions combining machine selection, installation, training, and maintenance
- 2023: Surpassed 3,000 completed projects
- 2026: Reached 4,800+ projects across 40+ countries with a team of 150+ trained staff

#Industries Served

The company's equipment packages products across four primary sectors:

- Food & Beverage: Snacks, sauces, dairy, baked goods, frozen foods, pet food, beverages
- Cosmetics & Personal Care: Creams, lotions, serums, shampoos, essential oils, facial masks
- Pharmaceutical & Medical: Test kits, medical devices, tablets, syrups, clean room packaging
- Chemical & Industrial: Detergents, fertilizers, industrial powders, specialty chemicals

#Global Expansion Plans

Bengang Machinery plans to expand its presence in European and North American markets throughout 2026-2027, with a focus on CE-certified equipment and localized technical support partnerships.

"Manufacturers worldwide are looking for reliable packaging automation that doesn't break the budget," Wei added. "Our combination of German-engineered core components and competitive Chinese manufacturing delivers exactly that — premium reliability at accessible pricing."

#About Bengang Machinery

Bengang Machinery Co., Ltd. designs, engineers, and manufactures filling and packaging machines from its facility in Wenzhou, Zhejiang, China. With 15+ years of experience, 150+ trained staff, and 4,800+ completed projects, the company provides turnkey packaging solutions to food, cosmetic, pharmaceutical, and chemical manufacturers in 40+ countries. All equipment is available with CE, FDA, and GMP-compliant configurations.
