

New Audiobook Release Brings a Lifetime of Wilderness Adventure to Life

CANADA, June 24, 2026 /EINPresswire.com/ --

From close encounters with bears and lightning strikes to remote wilderness journeys, hunting and fishing, close calls, and hard-earned survival lessons, Radically Wild takes listeners deep into the untamed places that shaped outdoor educator and adventurer Scott Sunderwald.

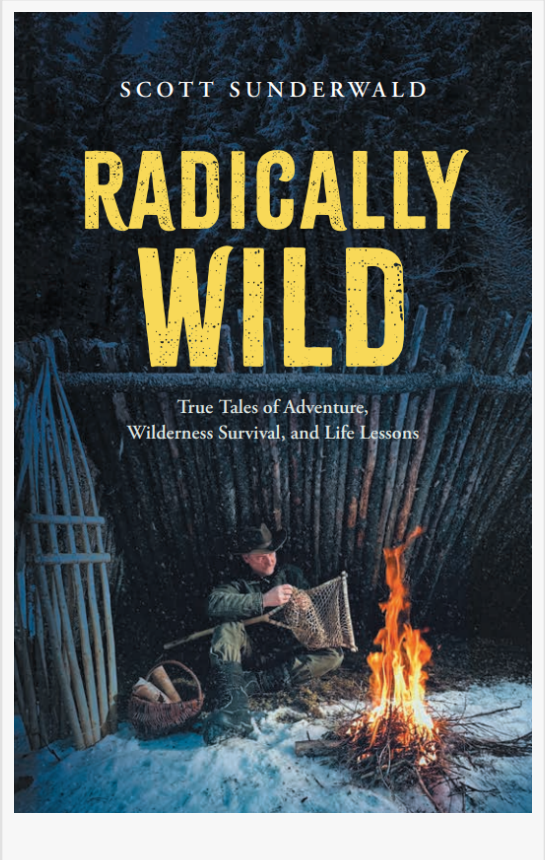

Now, those stories are coming to life in a powerful new way.

Sunderwald has announced the upcoming release of the audiobook edition of Radically Wild, narrated in his own voice. While the book is already [available](#) in hardcover, paperback, and [eBook](#) formats, the audiobook offers outdoor enthusiasts an immersive experience that feels less like reading a book and more like sitting beside a campfire with a seasoned wilderness guide.

Drawing from decades spent exploring and teaching in the rugged landscapes of Alberta, British Columbia, and Germany's Black Forest, Radically Wild is a collection of unforgettable true stories that capture both the irresistible beauty and unpredictability of life outdoors.

Listeners will travel alongside Sunderwald through bear encounters, mountain adventures, hunting excursions, survival trips, foraging mistakes, climbing routes, and moments of both triumph and near-death experiences. Along the way, they'll discover lessons about resilience, self-reliance, and the deep connection that can only be found in wild places.

More than a collection of outdoor adventures, Radically Wild is a celebration of curiosity,

courage, and the enduring human desire to explore.

Many of the stories in *Radically Wild* began long before they were written down. They were first shared around campfires, during long hikes, and in conversations with students and fellow adventurers.

For Sunderwald, narrating the audiobook was a natural extension of that tradition.

"Hearing these stories in the voice of the person who lived them creates a much more personal connection," Sunderwald said. "It's the closest thing to sharing a gripping campfire story with friends."

Whether listeners are driving a backroad, hiking a forest trail, setting up camp, or relaxing at home after a day outdoors, the audiobook offers a chance to experience authentic wilderness storytelling wherever they are.

Radically Wild will resonate with hikers, campers, hunters, anglers, bushcrafters, climbers, paddlers, conservationists, and anyone who has ever felt drawn to life in the great outdoors.

Interwoven throughout the stories are humor and practical lessons gained from decades of wilderness travel and outdoor instruction—knowledge that emerges naturally through hard earned lessons rather than formal instruction.

The result is a book that entertains, inspires, and encourages listeners to step outside, build confidence in their own abilities, and reconnect with the natural world.

"This is truly one of the best books I've read in years. Scott Sunderwald is such a gifted storyteller."

— Corey Cribbs, Ancestral Skills Practitioner and Rewilding Instructor

"A lifetime of stories and most importantly lessons learned."

— Bruce Zawalsky, Wilderness Survival Instructor and Founder, Boreal Wilderness Institute

"Mind-boggling, terrifying at times, yet always inspiring."

— Fred Sheppard, Parks Canada Interpreter
