Veterans for America First (VFAF) was founded in 2015 through a group of dedicated military veterans and patriotic Americans committed to defending constitutional freedoms, strengthening America's military, securing the nation's borders, and electing candidates who support an America first vision for this country. Since its inception, the

organization has become one of the leading active grassroots veteran coalitions nationwide.

"I'm honored to receive the endorsement of Veterans for America First," said Tim Wilkins. "As a

Marine, I swore an oath to defend our Constitution, and that commitment has never ended. Patriots like President Trump restored pride in our military, put America first, and fought for the men and women who served this country. I'm proud to stand with Veterans for America First as we work to send another America First conservative to Congress who will fight for secure borders, a strong national defense, fiscal responsibility, and the freedoms that make this nation exceptional."

Tim Wilkins, a proud United States Marine Corps veteran, has spent his life fighting for America, its values, and the freedoms that define the nation. Entering the United States Marine Corps at just 17 years old, Wilkins quickly distinguished himself through his dedication, discipline, and leadership, rising to serve as a Field Radio Operator and earning the honor of carrying the title United States Marine. A steadfast supporter of American strength and constitutional principles, Wilkins has stood shoulder-to-shoulder with leaders committed to putting America first. He has shared the stage with President Donald J. Trump and joined countless Americans who believe in restoring pride in the American Dream, as the America First movement continues to gain momentum.

The endorsement further highlights the growing momentum behind the Wilkins campaign as voters continue to rally behind strong conservative leadership dedicated to securing the border, supporting U.S. veterans, rebuilding the economy, and restoring accountability in Washington.
