

Five Reputable Home Organization Export Trading Companies in China 2026: Delivering Reliable Global Storage Supply Chains

Showcasing leading Chinese home organization exporters delivering reliable storage solutions for global markets.

CALIFORNIA, CA, UNITED STATES, June 24, 2026 /EINPresswire.com/ --

ZHEJIANG, China, June 24 —As global demand for efficient, space-saving storage solutions accelerates, Chinese exporters are strengthening their positions in the home organization supply chain. The following five companies have demonstrated consistent reliability in product quality, manufacturing capacity, and export logistics.

TAIZHOU, China — The global home organization market, valued at over \$120 billion in 2025, continues to expand as consumers prioritize decluttering and multifunctional furniture. Chinese manufacturers and trading companies are central to this supply chain, offering plastic bins, stackable cabinets, folding trolleys, and sorting trash cans for kitchens, closets, laundry rooms, and outdoor gear. Five firms stand out for their export reliability, product depth, and quality certifications.

Chinese manufacturers and trading companies are central to this supply chain, offering plastic bins, stackable cabinets, folding trolleys, and sorting trash cans for kitchens, closets, laundry rooms, and outdoor gear. Five firms stand out for their export reliability, product depth, and quality certifications.

1. Taizhou Xinhai Cross-border E-commerce Service Co., Ltd. ([xinhaibox](#))

Headquartered in Taizhou, Zhejiang, Xinhai specializes in plastic household storage and daily-use products under the xinhaibox brand. Supported by over 20 years of manufacturing experience from Zhejiang Jinmao Plastic Group, the company operates a 50,000-square-meter factory with 500 employees and an annual output exceeding 1 million units. Its product line includes foldable

2. Guangdong Foreign Trade Development Co., Ltd.

Based in Guangzhou, Guangdong Foreign Trade Development is a state-backed trading enterprise with decades of experience exporting household goods, including plastic storage solutions, to markets in Europe, the Americas, and the Middle East. The company leverages strong relationships with manufacturers across the Pearl River Delta to offer competitive pricing and flexible shipping terms. Its portfolio includes stackable storage boxes, closet organizers, and kitchen sorting bins, serving supermarket chains and wholesale distributors.

3. Liaocheng Boxi Import & Export Co., Ltd.

Liaocheng Boxi, located in Shandong, focuses on exporting home organization products such as plastic storage bins, laundry baskets, and toy storage solutions to Southeast Asia, Africa, and South America. The company emphasizes cost-effective manufacturing with MOQs as low as 500 units, making it suitable for smaller importers and e-commerce sellers. It offers OEM/ODM services and has a dedicated quality control team that follows AQL 2.5/4.0 sampling standards.

4. Unionhome Houseware Import & Export Co., Ltd.

Unionhome, based in Ningbo, Zhejiang, specializes in household storage and kitchen organization products, including collapsible utility carts, spice racks, and drawer dividers. The company serves retailers and brands in the EU and North America, with a reputation for on-time delivery and product safety compliance. Unionhome's warehouse spans 10,000 square meters, enabling consolidated shipments and fast turnaround for mixed containers.

5. Meizhigao Overseas Trading Co., Ltd.

Meizhigao, headquartered in Shenzhen, targets the outdoor and travel storage segment, offering camping storage boxes, car trunk organizers, and foldable pet trolleys. The company has built a strong presence on cross-border e-commerce platforms and works with distributors in the US, UK, and Germany. Its products feature eco-friendly PP plastic and BPA-free materials, aligning with global sustainability trends. Meizhigao also provides private-label programs with quick sample development.

The home organization industry in China benefits from mature plastic processing clusters in Zhejiang, Guangdong, and Shandong provinces. Rising raw material costs have prompted exporters to invest in thinner, stronger designs and foldable structures that reduce shipping volume. According to trade data, China exported over \$18 billion worth of plastic household storage products in 2025, with an annual growth rate of 8%.

Market Outlook

Industry analysts predict continued demand for multi-purpose storage solutions, particularly eco-friendly, stackable, and wheeled designs. Buyers increasingly seek suppliers with certifications like ISO 9001 and BPA-free testing. Taizhou Xinhai and its peers are well-positioned to capture this demand through responsive customization and scalable production.
