THE PROBLEM IT SOLVES

For years, [relocating to Dubai](#) or [forming a US LLC as a non-resident](#) has meant navigating a maze, juggling emails, chasing agents, not knowing where your application stands, and coordinating across lawyers, PRO services, immigration consultants, banks, and tax advisors.

GenZone has already solved this operationally, with a white-glove service model that has helped hundreds of

entrepreneurs relocate to Dubai, secure UAE residency, and form US companies complete with banking and payment processing.
