The Power Of The Pitch® founder, judges, winner and finalists, celebrating women entrepreneurs and business excellence.

Great businesses are built through bold ideas, strategic relationships, and access to opportunity. On October 26th, 2026, The Power of the Pitch® brings all three together on one stage, creating an environment where meaningful conversations become partnerships, introductions become opportunities, and visibility becomes business growth.

“

The future of women's entrepreneurship is being built by founders who are bold enough to step into the right rooms, make the right connections, and seize the opportunities that accelerate growth.”

Adrienne Fekete, Founder | I Am Unbreakable® Global Media

As women continue to launch businesses at record rates, access to capital, strategic networks, and national visibility remains one of the greatest accelerators of long-term success. The Power of the Pitch® was created to help close that gap by bringing founders, investors, financial institutions, media, and business leaders together in one room where meaningful relationships begin.

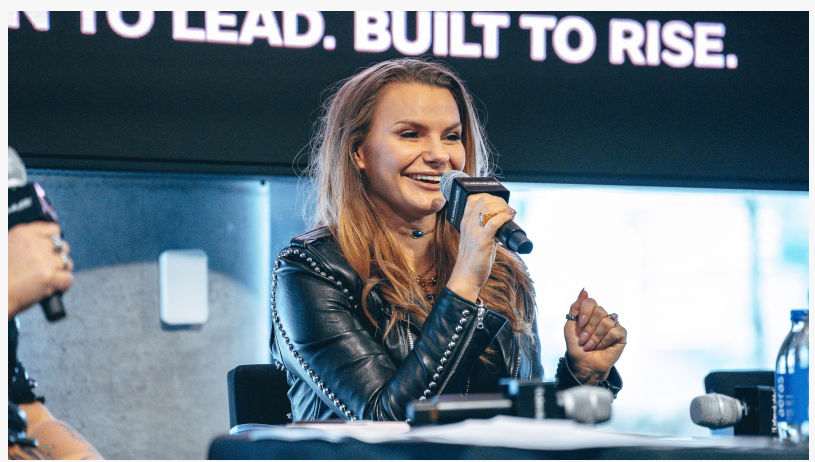

The 2026 judging panel brings together senior leaders from venture capital, angel investing, financial institutions, corporate Canada, media, and entrepreneurship, creating one of Canada's most connected stages for women

founders. In partnership with The Scotiabank Women Initiative®, strategic partners include Guardian Capital Advisors, Women Funding Women, Women Get On Board, RBC, BMO For Women, WeConnect International, WBE Canada, StrikeUp Canada, and other influential organizations committed to advancing women's entrepreneurship, innovation, and economic growth. Additional judges and strategic partners will be announced in the coming months.

Selected founders will present their businesses before an accomplished panel of investors, venture capitalists, angel investors, banking leaders, corporate executives, media, and industry experts while building relationships that extend well beyond the event. Participants will also gain national visibility through I Am Unbreakable® Global Media's growing ecosystem, including the I Am Unbreakable® Magazine, the [I Am Unbreakable® Podcast](#), The Power of I Am® Summit, The Power of the Pitch®, I AM U X®, I AM U X® NextGen, strategic partnerships, and [the Front-Row Sister®](#) community.

"The future of women's entrepreneurship is being built by founders who are bold enough to step into the right rooms, make the right connections, and seize the opportunities that accelerate growth," said Adrienne Fekete, Founder & CEO of I Am Unbreakable® Global Media.

"Visibility opens doors. Relationships create momentum. Opportunity changes everything when the right founders meet the right investors, partners, and decision-makers. That's exactly what we've built with The Power of the Pitch®. Every conversation has the potential to become a

partnership. Every introduction has the potential to change the trajectory of a business.”

The Power of the Pitch® continues to attract respected leaders from venture capital, banking, technology, corporate Canada, media, and the entrepreneurial ecosystem, creating an environment where founders gain more than exposure. They gain access to the people, relationships, and opportunities that can accelerate the growth of their businesses.

Founder applications are now open for women entrepreneurs ready to showcase innovative companies with growth potential before one of Canada’s most influential panels of investors and business leaders. Applications will be reviewed through a highly selective process designed to identify founders who are ready to scale, attract investment, and build meaningful strategic relationships.

Investors, corporate leaders, ecosystem partners, entrepreneurs, and supporters are invited to attend and experience one of Canada’s premier gatherings dedicated to advancing women-led innovation and entrepreneurship.

The next great investment, partnership, or breakthrough conversation could begin with one pitch. The Power of the Pitch® Toronto 2026 is where those conversations start.
