

# Supercar Island Returns to the Isle of Man as Petrolheadonism Celebrates the World's Greatest Driving Roads

*Second edition of Supercar Island welcomes enthusiasts from across the UK, unveils Isle of Man commemorative stamps & supports Rebecca House Children's Hospice*

DOUGLAS, ISLE OF MAN, June 26, 2026 /EINPresswire.com/ -- The unmistakable sound of V12s, flat-sixes and twin-turbo supercars has once again echoed around one of the world's most iconic driving destinations as [Petrolheadonism](#)'s Supercar Island returns for its second edition.

Running from 24–29 June, the exclusive automotive adventure has welcomed approximately 28 spectacular supercars and their owners to experience the legendary roads, breathtaking scenery and unrivalled motorsport heritage of the Isle of Man.

Far more than a supercar tour, Supercar Island celebrates everything enthusiasts love about driving. From the famous Mountain Road to the coastal routes and villages still buzzing from the recent TT races, participants are enjoying a carefully curated programme of unforgettable drives, exclusive hospitality and community events under glorious Manx sunshine.

The week began with a memorable surprise as participants were welcomed to Government House, where Petrolheadonism Founder [Ciro Ciampi](#) was presented with an official Isle of Man Post Office Supercar Island commemorative stamp collection.

The limited-edition [stamps](#) celebrate the partnership between the Isle of Man and Petrolheadonism, combining spectacular photography of members' cars with the Island's world-famous scenery, creating a lasting tribute to one of Europe's most unique automotive events.

Around 28 supercars line up against the spectacular scenery of the Isle of Man during the second edition of Supercar Island.

"We have received another phenomenal Isle of Man welcome, with locals waving as we cruised the local roads, still adorned with recent TT memories. The atmosphere is phenomenal, and the presentation of the Supercar Island stamp collection has been the cherry on the cake."

— **Ciro Ciampi**, Founder, Petrolheadonism

One of the defining features of Supercar Island is its connection with the local community.

Rather than remaining behind closed doors, owners are opening the doors to their extraordinary machines through a series of free public displays, allowing residents and visitors alike to meet the drivers, photograph the cars and experience some of the world's finest performance vehicles up close.

Public appearances include:

- Supercar Selection — Manx Museum Car Park
- Cars & Coffee — Douglas Promenade
- Supercar Sunday — TT Grandstand

Throughout the event, Supercar Island is supporting [Isle Listen](#), an Isle of Man charity dedicated to improving mental health and wellbeing through education, early intervention and professional psychological support. For driving enthusiasts around the world, few destinations hold the same mythical status as the Isle of Man. With unrestricted sections of road, dramatic landscapes and more than a century of motorsport history, the Island offers an experience unlike anywhere else on Earth.

Whether behind the wheel of a Ferrari, Lamborghini, Porsche, McLaren or Aston Martin, every participant shares the same objective: to celebrate driving on roads that were seemingly built by enthusiasts, for enthusiasts.

As Supercar Island continues to grow, so too does its international reputation, attracting passionate owners who recognise that some automotive experiences simply cannot be recreated anywhere else.
